The "arts" are traditionally considered a keystone of any concept of Liberal Education and at Mary Washington College they have been accorded a special niche in both the academic and the extra-curricular life of the student.

For those interested in pursuing one of the "arts" in depth, major programs are offered in art, dance, drama, and music. Approximately ten percent of the graduating classes have concentrated in these areas. For all, exposure to the fine arts is a requirement for graduation.

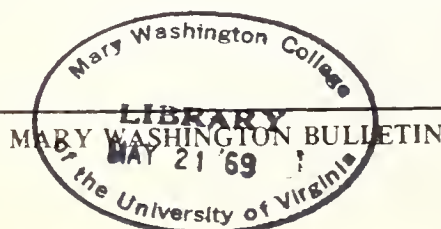

While the "arts" have always had a special role at Mary Washington College, they have not remained unchanged, but have kept abreast of the state of the arts as reflected in contemporary society.

Special attention is given in this issue to this emphasis at Mary Washington College and to the growth experienced, and the trends envisioned, in art, dance, drama, and music.

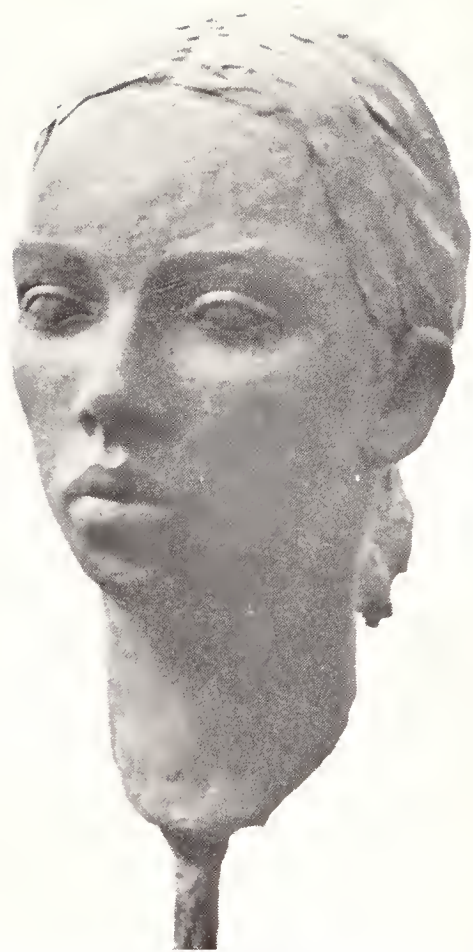

# The Arts at MWC

# ART

Art, whether viewed from the standpoint of studio practice or historical theory, has long been a popular discipline for Mary Washington College students.

It was first introduced as a departmental major in 1938, and last year there were twenty-five seniors graduated in this field.

There are now twelve faculty members in the department offering thirty-five different courses of instruction. In art history, classes range from ancient to 20th century art and include the major historical developments or classifications of art. In studio art, beginning and advanced instruction is offered in painting, sculpture

and pottery, and basic instruction in the graphic arts.

Studio facilities located in Melchers Hall of the Fine Arts Center on the campus, make it possible for the studio art students to put into practice what they learn in theory. In addition, there is a well-equipped print-making studio in the same building for the graphic arts classes.

These facilities are kept in almost constant use with each studio major spending numerous classroom hours a week here, in addition to uncounted hours of her own time.

Supplementing the wide-ranging course offerings in art history is a slide library numbering almost 20,000 items. This is considered an excellent working collection, which is being constantly increased and enriched.

The on-campus exposure to art is further supplemented with frequent organized trips to the numerous galleries and museums in Washington and Richmond.

The students have an opportunity to display their accomplishments at an annual student exhibition held at the end of each school year. It is at this exhibition that awards are made for outstanding achievement in the various mediums. The students also contribute works each year to other local exhibitions and to shows at other colleges and universities.

In addition to the student exhibition, the College annually plans at least one exhibition of some significance. This year, for example, there was a major exhibition of the works of Teruo Hara, Visiting Artist at Mary Washington College and a noted Japanese potter. Last year, the College was the site of a rare public exhibition of U.S. Senator Hugh Scott's collection of art from China's Tang Dynasty. Senator Scott, a Republican from Pennsylvania, is a world authority on Chinese art of this period.

There is a continual review and revision of course offerings and requirements at the departmental level in an effort to make the major programs in both studio and history as complete as possible.

Such evaluation has uncovered a need at the undergraduate level for offerings in Oriental art, and it is, perhaps, in this direction the department will direct some of its energies in the future.

# DANCE

Mary Washington's newest "arts" major, dance, has received an enthusiastic reception and has progressed rapidly in the four years it has been in existence.

This year marks the end of the first full cycle for the program and in June four seniors will be graduated as dance majors. They are Elizabeth Odom Loughran of Sandston; Annie Elizabeth Bailey of Goodlettsville, Tenn.; Karen Dyer Norris of South Boston; and Candy Hildrup of Fredericksburg.

This is also the first year the Mary Washington Dance Company, consisting primarily of majors, has presented a formal concert in the spring to display publicly the work that is being done by the students and faculty.

In addition, there are a number of smaller presentations offered during the year, as a part of the total training the dance major receives.

There are now four (one part-time) faculty members offering thirteen different courses of instruction ranging from ballet to modern dance to creative dance for children to ethnic dance of Western or Eastern cultures.

Dance, of course, was an integral part of the general program of the Department of Health, Physical Education, and Recreation long before it became a major program -- and it still is. Most of the courses are still available to the non-dance major as a means of satisfying the College's physical education requirement.

Next year there will be something else new for this fledgling program. For then it moves from Ann Carter Lee Hall into the facilities provided in Goolrick Hall, the new physical education building.

In addition to offices and classrooms, the Goolrick building will provide two large dance studios, a smaller practice studio, and a costume room. The large studios, which will be approximately forty by fifty feet in size, will have special flooring and will be sound-equipped.

Working visits by guest instructors, such as Charles Weidman, one of the four pioneers of modern dance, have supplemented the regular, planned instruction of the Department. Mr. Weidman, a co-founder of the Humphrey-Weidman studio, was at Mary Washington as an artist-in-residence for two days last year to teach classes, evaluate some dances of the majors, and to lecture.

In addition, the dance majors and the Dance Company actively participate in programs sponsored elsewhere, such as the Mid-Atlantic Regional College and University Dance Festival held in Washington, D.C., last year and College Dance Festival sponsored annually by the Virginia Dance Society and the Virginia Museum.

While dance may be the youngest of the "arts" majors it has shown already that enthusiasm and ambition are not lacking and that its future is a promising one at Mary Washington College.

# DRAMA

Located in duPont Hall of the Fine Arts Center, the Department of Dramatic Arts and Speech at Mary Washington is not only an asset to the College, but also to the local community.

Major departmental productions, three or four a school year, run four nights and play to standing-room-only crowds from the College and from the local community. Each year there is a major children's play presented in conjunction with Children's Concerts, Inc. of Fredericksburg. During the summer session two additional full-scale productions are presented.

During the past few years, the department has experienced healthy growth and development in new directions. There are now four full-time faculty members devoting their services to the department (three in dramatic arts, one in speech). Thirteen specific courses are now offered in dramatic arts, varying from children's theatre to oriental theatre, and dealing with playwriting, directing and dramatic criticism, as well as with the history of drama and acting.

Recent innovative features of the department include Studio 13, an experimental theatre in which contemporary or experimental plays are directed by students in the directing class.

Last year, two experiments in the department involved the addition of a thrust stage, which extended the acting area much closer to the theatre audience; and the incorporation of a question and answer period between the actors and audience at the conclusion of the first-night performance of each production.

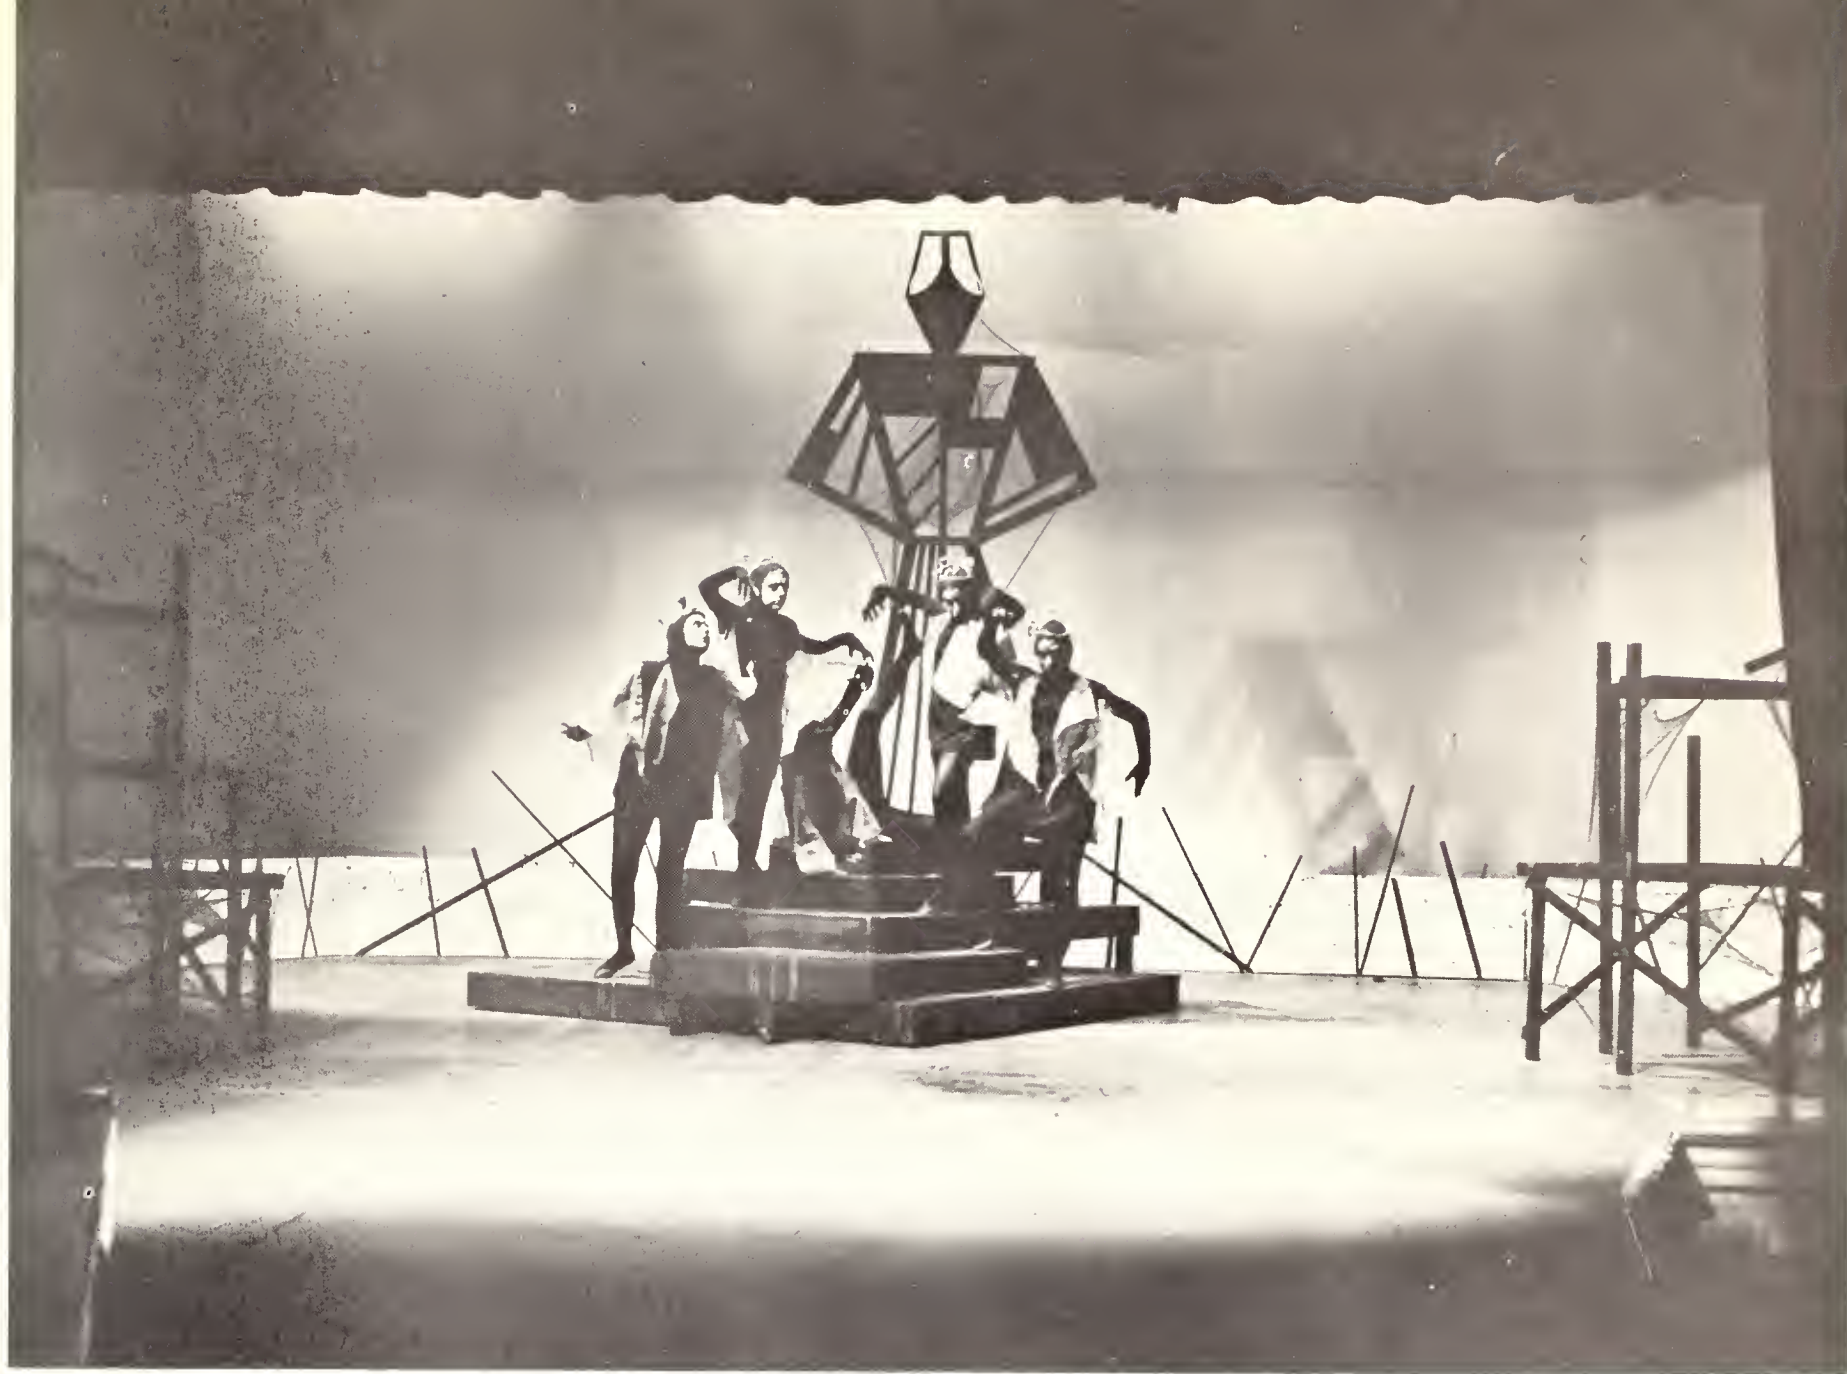

Another new trend apparent in recent years is an increasing awareness of the Oriental Theatre. There is, of course, classroom instruction in the Oriental Theatre and last year, through the efforts of Mrs. Joy Michael, a visiting lecturer from India, two Indian plays were presented, one, "One Day in Ashadh," a major production, and the other, "The Ungrateful Man," a children's play.

One of the latest features of the department is a summer workshop in drama, which was initiated last summer and considered successful enough to repeat again this summer. Two major productions were presented during the workshop last year, and two will be presented this year.

In dramatic arts, the educational experience is twofold — that received by the performer and that received by the viewer — and an effort has been made to give a broad sampling of plays during any four year cycle. For example, during her four years at Mary Washington, a senior this year would have had an opportunity to see such productions as "As You Like It" by Shakespeare; Jean Paul Sartre's "The Flies"; "Electra" by Euripides; "Tartuffe" by Moliere; "J.B." by Archibald Macleish; "Major Barbara" by George Bernard Shaw; "The American Dream" by Edward Albee; and "The Chairs" by Ionesco.

This year there are fourteen senior drama majors, attesting to its increasing popularity among Mary Washington students.

Historically, music is the oldest of the "arts" majors offered at Mary Washington. From a beginning of individual instruction in piano, and then other instruments, the program has developed into a major department and the College is now an institutional member of the National Association of Schools of Music.

By 1916 music had become an integral part of the total instructional program of the College, and a certificate in public school music was first offered in 1926.

There are now eleven members on the music faculty, teaching twenty specific courses, providing direction to the band, chorus and string ensemble; and offering individual instruction in voice, piano, organ, violoncello, harp, and woodwinds.

In addition to a program for students interested in majoring in music, the department is also able to provide for students whose major interests are in other fields.

The instruction is divided into five basic categories: theory of music; history and literature of music; band and orchestra instruments; band, chorus, and string ensemble; and individual instruction in music. Non-music majors may select courses in any of the categories as electives.

Since music is one of the performing arts, consideration must be given to public

# MUSIC

appearances. Thus, one of the requirements for music majors is that they appear in concerts -- both as soloists and, when possible, with larger groups.

Each year there are a number of planned programs which give the students ample opportunity to perform before an audience. Highlighting the season at the College are Winter and Spring Band Concerts and a formal Christmas Choral Concert. There are also numerous student and faculty recitals each school year, and recently an added attraction has been a Spring Choral Concert featuring the combined choruses of Mary Washington and one of the nearby men's colleges.

An active music group is the College chapter of Mu Phi Epsilon, national honorary music fraternity. Dedicated to the advancement of music and the promotion of musicianship and scholarship, the organization presents its own concerts and sponsors the appearance of guest performers on the campus.

The Department of Music is situated in Pollard Hall, the north wing of the Fine Arts Center. This area is devoted exclusively to music and contains classrooms, studios for individual instructions, band practice rooms and offices.

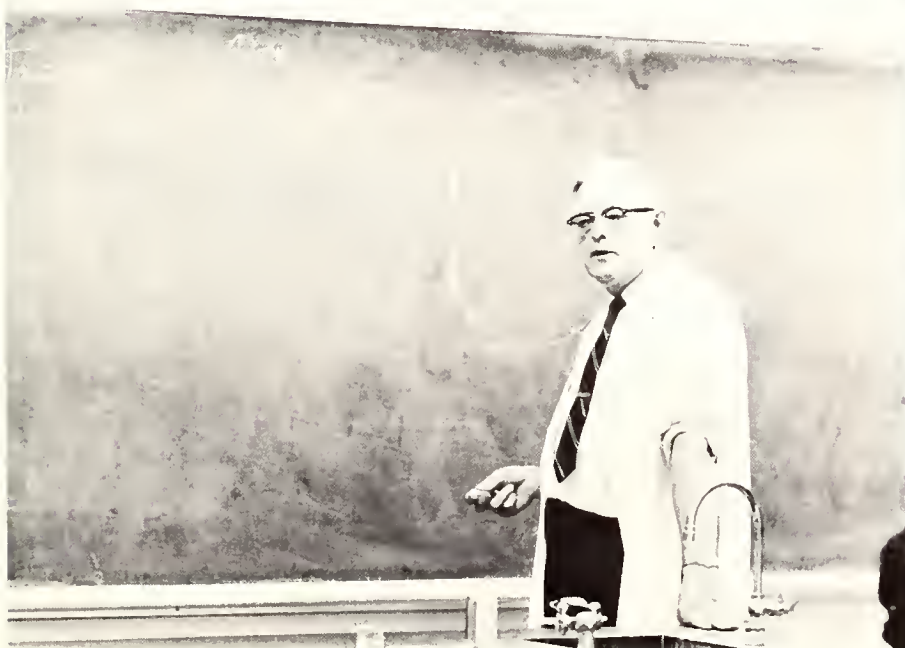

## Retiring...

*Helen Reese Luntz, Professor of Modern Foreign Languages (French); member of the Mary Washington faculty since 1958.*

*E. Boyd Graves, Professor and Chairman of the Department of Philosophy; member of the faculty since 1937.*

*William A. Castle, Professor and former Chairman of the Department of Biology; member of the faculty since 1941.*

*Margaret Hargrove, Dean of Students and Professor of Classics; member of the faculty and staff since 1956.*

# CAMPUS NOTES

## NEW MAJORS

Two new major programs have been approved by the Mary Washington College faculty and one, Religion, will be offered during the 1969-70 school term.

The second, Asian Studies, is an interdepartmental major program and probably will not be offered until the 1970-71 school session.

Religion courses have long been offered at Mary Washington, but the adoption of a major program will mean a greatly expanded curriculum.

There are two faculty members in the Department of Religion, Miss Elizabeth A. Clark, Associate Professor and Chairman of the Department, and Burton Cooper, Assistant Professor of Religion.

There are currently ten courses of instruction dealing directly with the Orient and there are plans for expansion, including instruction in an Asian language, when the program opens.

Twenty-seven different major programs are now offered at Mary Washington.

## STUDENT OFFICERS

Kathleen Susan O'Neill and Kathryn Elizabeth Thiel, both juniors, have been elected President of the Student Government Association and Honor Council respectively for the next academic year.

Miss O'Neill, an American Studies major, is a resident of Charlotte, N.C., while Miss Thiel, a sociology major, resides in Williamsburg.

Other SGA officers elected in the recent campus-wide elections include Beverly Jeanne Alexander of Springfield, vice-president; Lynn Vandervoort of Little Silver, N.J., judicial chairman; Cean Wightman of Colonial Heights, secretary; Gabrielle Sandra Pugin of Falls Church, treasurer; and Mary Lee Hearne of Charlottesville, senator-at-large.

## NEW DEAN

Miss Mildred A. Droste has been named Dean of Students at Mary Washington College, succeeding Miss Margaret Hargrove who is retiring after serving in that position for the past thirteen years.

Miss Droste, an Associate Professor of Health, Physical Education, and Recreation, has been Assistant Dean of Students since 1966 and a member of the faculty for 15 years. She will assume the new post on July 1.

Miss Hargrove, also Professor of Classics, will accept a position at Isabella Thoburn College, in Lucknow, India, assisting the President, Dr. Eva. Shipstone, with plans, programs and publicity for the centennial celebration of the college, to be observed throughout 1970. The appointment will begin in November, 1969, and continue throughout the centennial year.

## SPRING FESTIVAL

The annual crowning of the May Queen at Mary Washington was replaced this year by a spring festival which featured dances, arts presentations, an open house, and an old-fashioned fair.

This change was unanimously approved by the Student Senate and authorized by the Student Government Association.

Held on May 2-3, the festivities, which opened on Friday evening with an off-campus dance, got into full swing on Saturday.

Featured Saturday afternoon was an old-fashioned fair complete with booths and games of skill. This was followed in the evening by a dance on the terrace of Ann Carter Lee Hall.

All of the residence halls were open for guests on Saturday and the students were urged to invite their parents to visit the campus.

Coinciding with these events were the annual Spring Show by the Terrapin Club, and the opening of the annual Student Art Exhibition.

All of the proceeds collected were to be contributed to the Biafra Relief Fund.

## STUDENT DELEGATES

A delegation of students from Mary Washington College participated in the National Model United Nations held in New York City from April 9 to 12.

The student participants were Ann Louise Chatterton, a senior from Virginia Beach; Julie Daffron, a senior from Chester; Sherill Doran, a senior from Falls Church; Marsha McLaughlin, a junior from McLean; Marilyn Preble, a junior from Leesburg; and Janet Leonard, a junior from Nashua, N.H.

They were accompanied by Dr. Lewis P. Fickett, Jr., Professor of Political Science at Mary Washington.

## MARTHA DARBY

Miss Martha Darby, Assistant Professor of Health, Physical Education, and Recreation (Dance) at Mary Washington College, performed recently with Charles Weidman in New York City.

Miss Darby danced the Opening and the Fugue of Mr. Weidman's "Easter Oratorio." Mr. Weidman, one of the pioneers of modern dance, was a guest lecturer at the College in 1968.

## FACULTY PAY

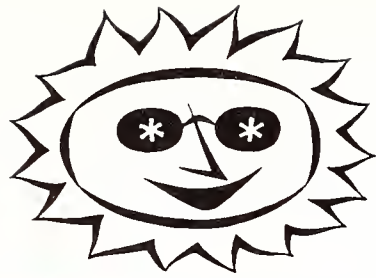

Mary Washington College faculty pay increases approved for the session which begins in September place the average instructional salary at approximately \$11,000.

In announcing the details of the salary boost, Mary Washington College Chancellor Grellet C. Simpson said that the increases place the average here at the figure recommended by the Governor's Office, and places the College in a more favorable position in competition with comparable schools on a national level. The increases range from \$300 to \$900.

In the revised scales, representing the eleventh increase in the last fourteen years, faculty salaries will range from \$6,700 to \$15,000. The current range is from \$6,400 to \$14,100.

As in the past, the figures are for a ten-month period from September to June and do not include salaries for the summer session.

# SUMMER SCHOOL '69

There will be something new at the Summer Session at Mary Washington College this year. For the first time since the early 1960's male students will be admitted to classes.

The authorization, which was approved by the University of Virginia Board of Visitors in February, provides that men may enroll in classes at the College as non-residential students. The Summer Session this year begins on June 22 and ends August 16.

In the aftermath of World War II and the Korean Conflict, veterans were admitted to the College during both the summer and regular session, but this policy was later rescinded and the last male student, Dennis C. Moriarity, graduated in 1958.

Last year male students attended two summer session classes, French and German for Graduate Reading Examinations, but these were non-credit courses.

Chancellor Grellet C. Simpson observed, in announcing the approval, that admitting men to the summer session would be a valuable service to the local community and because of the more limited scope of the summer session, would not be an impediment to Mary Washington's stated purpose as a liberal arts college for women.

The summer session at Mary Washington College is designed to fulfill a number of objectives. It allows students to accelerate their academic programs, either at Mary

Washington or at other colleges, or to make up deficiencies. It also provides an opportunity for teachers to renew professional certificates, to take additional work toward a degree, or add to or update their competence in a specific academic discipline. In addition to beginning-level courses, the summer session also offers advanced specialized study in most fields and permits a student majoring in a given area the opportunity to further enrich her knowledge of the subject. Some of the course work is especially suited to the summer season and could not effectively be offered at another time of the year.

Some twenty-seven faculty members will be on hand for the summer session to offer more than sixty different courses of instruction.

Among the new and innovative courses being offered this summer are two planned by the Department of Biology; a marine biology course which will be given at Delta-ville on the Chesapeake Bay, and a field botany course which will utilize nearby nature conservancy lands.

Dr. William C. Pinschmidt, Jr., Professor and Chairman of the Department of Biology, will conduct the marine biology course which will emphasize field work on the bay and nearby inland waters. The five credit-hour course will run from July 21 through August 22.

The class will utilize the facilities of Cross Rip Camp, a twenty acre wooded

estate which is owned and operated by Dr. Anna Scott Hoye, Professor of Biology at the College.

Instruction will include the study of marine organisms in their natural habitat, with particular stress on the ecology, systematics and behavior of invertebrates. Individual student interests and research will be an integral part of the course.

Conducting the field botany course will be Dr. A.M. Harvill, Jr., Professor of Biology at Longwood College and Chairman of the Virginia Flora Committee. This four-week course will be offered the first half of the Summer Session, beginning on June 23.

This course will involve field trips to sites around the Fredericksburg area, especially to the Alexander Berger Memorial Sanctuary (865 acres) which the Nature Conservancy has permitted the College to use for educational and research studies.

The Nature Conservancy is a non-profit membership corporation incorporated in the District of Columbia for land holding to be used for educational and scientific purposes.

Students will learn the names and salient characteristics of several of the most common native plants in the area and prepare a dichotomous key for these plants. The study will also focus on the ecologically significant species found in more "unusual" habitats, such as marshes, bogs, and swamps.

Another feature of the Summer Session will be the Summer Theatre Workshop conducted by the Department of Dramatic Arts and Speech. It is the second consecutive year the workshop will be held and it will feature two major productions in duPont Theatre, student directed experimental plays in the Studio Theatre and Seminars in acting, directing and production. The course will run the full eight-week session and will offer six hours of credit.

Instruction will be provided by Dr. Albert R. Klein, Professor and Chairman of the Department, and Dr. Thomas S. Turgeon, Assistant Professor of Dramatic Arts.

Any information on the Summer Session may be obtained from the Director of Admissions or the Director of the Summer Session.

# MWC ALUMNAE IN THE NEWS

FRANCES DEE COOK '67, (picture), a pre-foreign service major at Mary Washington, is now a junior officer trainee with the U.S. Department of State and is assigned to the U.S. Embassy in Paris.

In addition to regular embassy duties, Miss Cook is assigned to the Vietnam Peace Talks and is the sole Embassy representative attending all of the press briefings held by the North Vietnamese.

A native of Homestead, Fla., Miss Cook was a Dean's List student and was active in the Young Democrats and the International Relations Club during her undergraduate years at Mary Washington.

PEGGY KELLY Reinburg '58 was conductor and harpsichordist for two Abendmusik programs presented recently by the orchestra and singers of the Union Methodist Church in Washington, D.C. Both programs drew praise from the critics.

Mrs. Reinburg is a past president of the Alumnae Association and served as an Instructor in Music at Mary Washington during the 1966-67 school year.

An article about CHRISTINE LAVONNE COWARD Brown appeared in the January 2 edition of the *Richmond Times-Dispatch*.

Mrs. Brown is the master teacher of the Mathematics and Science Center in Richmond, which plans programs for schools in six school districts in and around Richmond.

Mrs. Brown, who returned to school to earn her M.Ed. in 1967, takes model science lessons to grades one through seven in the six districts.

MARCIA NEVILLE SMITH '69 recently returned to the United States following a year's study in India. Miss Smith attended Mary Washington College from September, 1965, to June, 1967, and continued her studies at the University of Wisconsin.

Last year she received a fellowship to study in India and now plans to begin work on an M.A. degree in Indian Studies at the University of Wisconsin's Department of Indian Studies.

CAROLYN CROSS '59, a studio art major at Mary Washington, recently held her first one-man show of paintings in New York City.

The winner of the Emil Schnellock award presented by the College in 1959, Miss Cross' first one-man show was here on the campus that same year.

Following her graduation from Mary Washington, Miss Cross attended the National Academy of Design in New York and then studied with Morris Kantor, Theodoros Stamos and John Hultberg at the Art Students League. She is a native of Concord, Va.

An article entitled "An Attribution for His Excellency and Lady Washington" by WENDY J. SHADWELL '63 appeared in the February issue of *Antiques*.

Miss Shadwell, an English major at Mary Washington, is curator of the Middendorf Collection owned by Mr. and Mrs. J. William Middendorf, II of Baltimore.

# Ah h h! Spring!

Spring is a special time of year at Mary Washington College—when the campus, becomes a myriad of color and students re-emerge from the buildings to enjoy this most pleasant of seasons. This photo-essay gives testimony to its impact.

## LETTER FROM THE PRESIDENT

The winter meeting of the Board of Directors, held in January, welcomed a new director from Zone I (Virginia) — RUBY YORK Weinbrecht '48 (Mrs. Standau E.). Ruby received her M.A. from George Peabody College in 1950 and did postgraduate work at the Graduate Library School, University of Chicago in 1954-55. She has served as acquisitions librarian for Vassar College, as assistant and associate professor of library science and as cataloging editor for the third edition of the Union List of Serials. She is presently employed as a member of the information processing systems staff of the Domestic and International Business Division of the Department of Commerce and is active in various clubs and professional organizations. The Weinbrechts reside in McLean, Virginia. We are pleased to have her join us as a member of the Board of Directors.

The appointment of Mrs. Weinbrecht was occasioned by the resignation of MRS. EUGENIA MOORE Basnight, who recently moved to the Atlanta, Georgia area with her family. We will miss Gene on the Board but we know she will remain an active alumna wherever she goes.

The Executive Committee recommended to the Board that the Director of Alumnae Affairs be authorized to employ personnel as necessary on an hourly basis until provision can be made in the budget for additional permanent staff for the alumnae office.

In order to accomplish any of the goals we have set for expanding the Alumnae Association, this measure was essential. Fortunately, Ann Perinchief, the Director of Alumnae Affairs, was able to add to the staff by employing Mrs. Carolyn Whitaker.

Ann, Carolyn and Mrs. Joy Toombs, Ann's secretary, are a small but excellent staff of dedicated young women. They an-

swer all correspondence to the Association, update the files, prepare and send mailings to the alumnae, arrange for speakers for chapter programs, edit the class news for the alumnae magazines, and perform many services for us. I can't begin to express my gratitude to them for all of their efforts and accomplishments. We would surely be a long way from realizing our greatest dreams without their devotion to the Alumnae Association.

June 6th is practically here and I guarantee a wonderful time for everyone who comes to Homecoming. The theme of the weekend is the arts, and the Alumnae College program will be very unusual and very exciting. This will be followed by a very short business meeting, reunions with classmates and a late afternoon sherry party preceding the buffet at Brompton.

Do make a special effort to come back to MWC this year and ask your friends and families to come along too. I know you will be proud of the changes you will see, and your enthusiasm will be a source of encouragement to the whole college community.

The members of the Board, the staff at Spotswood and I thank all of you for your support throughout the year. It has been a pleasure and a privilege for us to have been so actively involved in the work of the Alumnae Association and in the future of Mary Washington.

• • • •

Greetings from the Alumnae Office!

Now that my staff and I have had an opportunity to "settle in," I thought that you might like to know a little about the Alumnae Office.

Briefly, we are charged with the day-to-day operation of the Alumnae Association. Spotswood, the Alumnae Office, operates on the same twelve month schedule as the administrative offices of the College: 8:00 a.m. to 5:00 p.m., Monday through Friday. We may be reached by telephone at 703-373-7250, extension 248. The mailing address is Box 1315 College Station,

Fredericksburg, Virginia 22401. If we can be of assistance, please do not hesitate to call upon us.

With the expansion and full-time staffing of the Alumnae Office, the Board of Directors of the Alumnae Association has indicated its expectation of offering greater services to alumnae and of personalizing the contact with each of you. To do these things will require some modernization of the office here.

At the present time our records consist only of index cards with your name and address (if that!). It is our hope to update our record-keeping and to supplement the information which we now possess. Therefore, by late fall (if all goes well!) you should receive a questionnaire asking for details about you, your family, your job. I hope that you will take the time to complete and return this form to us so that we will have pertinent information for awards, nominations, committees, etc. Meanwhile, you can help us by notifying us of any change of name or change of address for yourself or your MWC friends.

In terms of long-range thinking, we hope to be able to publish an alumnae directory one of these days so that you will be able to have a source for quick identification and contact with former classmates. Such a project will take time and money; thus we must set it aside for the present but with hopes for the future!

Through the efforts of the Alumnae Council a chapter handbook will be printed and distributed (to chapters) within the near future. It is our hope to supplement this manual with a newsletter to chapters on a periodic basis. The newsletter would be designed to give inter-chapter news on specifics such as fund-raising projects, updating mailing lists, successful (or unsuccessful) program ideas, etc. Such an undertaking will, of course, depend upon the willingness of chapter officers to submit frequent reports which can be compiled and mailed to others.

From our vantage point the range of possibilities for expanding alumnae activities and contributions to the College seems almost limitless. I hope that you will not hesitate to let us know your ideas—and that you will anxiously join in our efforts to add to the total College program.

Sincerely yours,

Ann L. Perinchief

Director of Alumnae Affairs

## CHAPTER NEWS

The Delaware Chapter has held several functions this session. New students, their mothers and returning students were entertained at a tea at the home of BARBARA UPSON Gravelly '61 in September. The event was such a success that the chapter hopes to make it an annual affair. In November a luncheon featured a presentation on how to make Christmas decorations. In February the Delaware group had

a covered dish supper for alumnae and husbands at the home of HELEN LOWE Eliason '48; this event helped to raise money for the Alumnae Fund.

On December 8, 1968, members of the Delaware Chapter and their husbands joined alumnae from the Philadelphia area for a cocktail party at the home of Mr. and Mrs. Richard Cross in Lafayette Hill, Pennsylvania. Mr. Cross is a member of the Board of Visitors and serves on the Mary Washington Committee. The Cross' daughter, Helen Virginia, will graduate from Mary Washington in June.

The Philadelphia and Delaware Chapters will hold a joint luncheon this spring in Wilmington.

The newest regional branch of the Alumnae Association, the Southern California Chapter, held its first meeting at the Islandia in San Diego on January 18, 1969. This group will draw its membership from Southern California and adjacent areas in Arizona. Officers elected for two-year terms included SUSAN RUTAN Joehnk '63 (Mrs. Karsten), President; JUDITH SMITH Hermanson '56 (Mrs. David P.), Vice-President; BARBARA "LINKEY" BOOTH Wilhelm '63 (Mrs. Frank J.), Secretary; and CORENNE SLATER Gray '56 (Mrs. Richard). The members agreed upon the sum of one dollar as annual dues. Alumnae in the area are urged to contact Mrs. Wilhelm, 113 Mayfair St., Oceanside, California, 92054, for additional information.

The Fredericksburg Chapter has announced that it will hold its annual family picnic (covered dish supper at Hazelwild Farm, the home of Miss Elizabeth Morrison, on Wednesday, May 28, 1969, at 6:30 p.m.

# CLASS NEWS

'13 ANNE LATANE WARE Bedinger  
(Mrs. Samuel D.)  
"Riveredge"  
Dunnsville, Virginia 22454

I am spending the winter at the Jefferson Hotel in Richmond and have enjoyed being in touch with forever M.W.C. friends. I had lunch recently with BERTHA SCOTT Bass '13 and KATHLEEN SCOTT Warren '14.

'15 RUTH CARTER Vellines (Mrs. R. E.)  
Glenco Road, Box 59-B  
Glen Allen, Virginia 23060

Dear Classmates of "1915":

It was good to have some news in your Christmas cards and notes. Heard from ETTIENETTE BROADDUS Moore, MARGARET SAYRE Ransone, ELSIE WOOD Rice, MARY TEMPLE COLEMAN Theimer, BEALMEAR LINTHICUM Masters, VIRGINIA BOLEN, ALICE WARREN Twiddy and LOUISE HENLEY Jones.

BERTHA BEAZLEY Beazley died December 26, 1968 at Salem, Virginia. She is survived by her husband Latimer Beazley and two daughters. I had just found out where they were living.

- MARGARET HANING to Robert Mecredy, August 3, 1968.  
MARY KATHRYN ROWELL to Lt. Charles Thompson Horner III, November 9, 1968 in Fort Sill, Oklahoma.  
PAMELA WALD to Jack Saunders Wagner, Summer, 1968 in Washington, D.C.  
MARY WRIGHT to Wayne Day, August, 1968.
- '67 - SUSAN BROWN to Harry Dell, August 17, 1968.  
BILLIE ENDICOTT to John Perrine.  
PAMELA GERHOLD to Bert Watson, August, 1968.  
PATSY GRUBBS to Bernard Farmer, June, 1968.
- '68 - MARIE FRANCE ("TOOTIE") BAST to David Suhre, December 21, 1968.  
MARGARET CHASTEK to Lt. Richard C. Kurth, U.S.M.C., November 21, 1968.  
SANDI FLINT to Robert Bowman, August 3, 1968 in Cohasset, Massachusetts.  
MARGARET SUZANNE HARVEY to Ensign Michael McHugh, December 28, 1968, U.S. Naval Academy Chapel, Annapolis.  
SUSAN MORRIS to James W. LeFlar, June 15, 1968.  
LESLIE RUSSELL to Robert Allen Blythe, February, 1968.  
SUZANNE SMITH to Otis Huston, June 29, 1968 in Virginia Beach.  
JUDITH STICKLEY to Ray E. Belford, April, 1968.  
PAMELA NISSLY TOPPIN to Wylie Bradley, February 15, 1969, in Williamsburg, Virginia.
- '69 - LINDA D. JOHNSON to Rodney Michael Roussey, April 19, 1969.  
ELLEN MCGHEE to Lt. John Jumper, March 29, 1969.

MARY TEMPLE COLEMAN Theimer is planning to attend Homecoming in the Spring. She states that she enjoys the Alumnae News. Was able to see Ettienne, Anne Latane Ware and Margaret Sayre this past summer.

BEULAH DETWILLER Anderson's son and family have left Langley Field. MARGARET SAYRE Ransone says she will miss her nice phone chats with the family. Margaret was expecting her sister, a social worker, from Chicago to visit her Christmas. Her minister brother and wife at Colonial Beach plan to retire at the close of 1968 and build in Mathews County. They will be nearer Margaret. Margaret has heard from many of the school girls, some friends from other classes. Instead of visiting shut-ins as Margaret usually does, she is telephoning because of the flu epidemic.

LOUISE HENLEY Jones regrets not being with us last Homecoming. Neither she nor her husband drive great distances anymore. Come on the bus next time, Louise.

ALICE WARREN Twiddy was expecting her daughter and family for Christmas. She is also planning for the Homecoming in June.

I suppose EDNA GIBBS Hunter is enjoying her visit in Florida. It is about time for her to return to Portsmouth, Virginia.

Had a recent letter from LILLIAN WARING Edwards, who lives in King William, Virginia. Her husband suffers from diabetes and has to be under the care of doctors for observation and treatment. Lillian seems to be doing very well. I hope to look her up if I can get to King William.

Hope everyone has escaped the flu which has been a real epidemic here.

My grandson, Robert Lee Joyner, USN, returned home the 26th of February with his wife and three children, two of whom I had never seen, after having been overseas for the past six years. He is making the Navy a career and is associated with the Security Communications. He served three years in Morocco, North Africa, and three years in Germany before returning to the States in February. He will now be stationed at Fort Ritchie, Maryland, only about 200 miles from Richmond. He is the son of my oldest daughter, Ann Vellines Joyner, who lives at Doswell, Virginia.

'16 INA TAYLOR Powell (Mrs. C. C.)  
634 Randolph Avenue  
Cape Charles, Virginia 23310

I am enjoying substitute work at Cape Charles High School when needed; also tutoring four boys, three afternoons a week each.

I visit my four married boys frequently in Baltimore, Richmond, and Lynchburg. In May I

plan to visit the youngest in Key West. Would love to hear news of my 1916 classmates.

'19 GRACE MASON Snuggs (Mrs. H. H.)  
304 Concord Road  
Anderson, South Carolina 29621

News is scarce! You girls have failed to write me and unless you do, what can I say! Last week I had a card from RUBY BEAZLEY Douglas (Mrs. Hubert) and she says she and her husband are definitely planning to be at our 50th reunion. How about a number of you beginning to plan right now? My husband and I are definitely planning to be there, the good Lord willing, but it would not be much of a reunion for our class if just Ruby and Herbert and Harold and I were there to celebrate. So come on girls, do begin to plan now for that wonderful weekend at our beautiful Mary Washington. You know we are the guests of the College, which I think is just wonderful. The date for Homecoming is June 6-8. So clear the decks for this date and let's begin to plan to be there. I feel sure I will be sending out a notice to you all through the Alumnae Association before that time but NOW is the time to plan.

MARY TODD Clark wrote to tell us of her family. She retired from teaching in June, 1967, after forty-two years. Her son, a dentist, has two lovely daughters. Deborah Ann, a senior at Hampton High School, is the class salutatorian and was chosen first runner-up for Miss Hampton High. Mary's other granddaughter, her namesake, is a tenth grader and quite a horsewoman. Mary drove to Florida in October with three friends, spent about two weeks sightseeing. In February she had foot surgery. We do hope you are experiencing a speedy recovery, Mary.

Please let us hear from the rest of you!

VIRGINIA CATHELL Umstead sent such a lovely letter that we thought you would want to read her own words.

"After thirty-four years of teaching, most of the time in the Raleigh Schools, I retired in June, 1967. Although I miss the children and teachers, there is never a dull moment. In housekeeping, our hobbies, and some traveling, we find that the time goes too fast.

"Earle, my husband, retired eight years ago. He was Safety Engineer at Camp Lejeune, and at Cherry Point during the war. He does some part-time work in order to keep busy.

"Our daughter, Jenny, graduated from Campbell College. She has been working for the state, but is on leave now and is enjoying working in the Legislature.

"I loved every moment of my two years at M.W.C. (Then, Fredericksburg State Teachers' College). The fond memories are always with me. As vice-president of Student Government during my second year I was lucky in having close contact with our beloved Mrs. Bushnell.

"I returned to M.W.C. for one summer session, then later attended Duke University and North Carolina State University.

"Unfortunately, I have not kept in contact with many of our group whom I knew while at M.W.C. I do hear from and see MILDRED ("DUTCHIE") WILTSHIRE Graham. It was good to read in the Alumnae News about the continued and worthy activities of RACHEAL WINGFIELD DeAngelo.

"My best wishes for the continued progress of our alma mata."

REBA COLLIER THORPE (Mrs. Lee L.)  
Myrtle Acres  
Newsoms, Virginia 23874

I have had several very interesting letters but the percentage from the class of '33 has been small. What is the matter with you girls? Don't you know we all want to know about you? Please, please write about yourself and any other alumnae you know about.

NANCY JONES Hurrell (Mrs. John L.) writes she has taught for the last seven years in Waynewood Elementary School in Fairfax County. This is one of the progressive schools in the county where children of the V.I.P.'s in our government attend. She has taught in Fairfax County eighteen years but took ten years or more out to be a minister's wife—which she says were the most rewarding years of her life. Because of her husband's health she went back to teaching but he is back in the ministry now too as Minister of Visitation at Faunday Methodist Church on 16th Street in Washington, D.C. Nancy would love to have MWC friends visit her right off Route 1 and Mt. Vernon Parkway at Belle View. She graduated from Wayne State University in Detroit in 1960, has attended William and Mary, University of Virginia, George Washington University, Central Michigan, University of Michigan, Roanoke College, San Francisco Theological Seminary but Mary Washington was the best and she says she has used more of what she learned there than any other place. Nancy is a proud grandmother. Her son Dennett Guthrie Hurrell and wife Susie have a one-and-a-half year old daughter Valarie Anne Hurrell.

MARY VIRGINIA SALE Broadus (Mrs. Wilbur) spends most of her time helping her husband operate the Bowling Green Motel and enjoying her grandchildren. Their daughter Jane (Mrs. James L. Allen) has two little girls—Ashley and Stacey. Their daughter Mary (Mrs. Byron P. Lambert, Jr.) has two little boys—Hunter and Michael—all living in Bowling Green. The grandchildren range in age from one to four years.

ALICE BELOTE Vaughan (Mrs. Jefferson) took time out to acknowledge my request for news. She says she lives only two miles from MARIE FINNEY Pennewell who teaches in Onancock but they both stay so busy they seldom see each other.

MAUD ANDREWS Charles (Mrs. Preston) finds teaching sixth grade in Suffolk very stimulating. Maud, I do hope we can get together real soon and discuss mutual friends and old times.

ALICE MAE BROWN Walden (Mrs. Richard C., Sr.) promised on that Christmas card to write a letter after the holidays. I am still waiting, Alice.

LOUISE GORDON Gordon (Mrs. W. F.) is working hard on biology, math, economics, and art at Madison College this winter. She spent the summer and Christmas holidays in Florida with husband Billie.

MARGARET KALNEN Damke (Mrs. Kenyth A.) teaches dancing in Jacksonville, North Carolina. Her husband is a retired Colonel in U.S.M.C., and they enjoy Base privileges at Camp Lejeune. He is doing the interior of their new home on the Cape Fear River, since he is very skilled in woodcraft and ceramics. They both enjoy gardening and have lots of azaleas—over 200 bushes—and about 300 daffodil and tulip bulbs. Margaret's sister ELIZABETH KALNEN '37 resides in Wilmington and teaches physical ed. in Forest Junior High School there.

BERTA WATT Whitehouse retired in 1967 after 25 and one half years as an English teacher in the Spotsylvania High School. The graduating class presented her a silver tray bearing the inscription: "To a Gracious Lady and a Dedicated Teacher." After studying creative writing at the University of North Carolina, Mrs. Whitehouse has spent much time in recent years as a free-lance writer. Her work has been published in the *Virginia Journal of Education*, *The Georgia Review*, *The Carnegie, Readers' Digest* and other periodicals. She has two daughters, Anne and Jean, both graduates of Madison College. Anne is married to George L. Sullivan, a Roanoke architect with the firm of Smithey and Boyington. Anne is a period costume consultant and works quite extensively with the Mill Mountain Players in Roanoke, the Showtimers of Salem, and other entertainment groups. Jean, a former "Miss Fredericksburg", is the wife of Stuart B. Allen, the athletic director of Myers Park High School in Charlotte, North Carolina. Jean takes a very active part in church, school, and community work. One of her continuing projects is bookkeeping for the Mustang Club, an 1800 member group of athletic sponsors of Myers Park High School. Mrs. Whitehouse lives in College Heights, close enough for the Mary Washington squirrels to play in her yard and trees. They are really educated squirrels, as they play tag follow the leader, hide and seek, and pose beautifully on a low brick wall.

Finally the greatest thing to happen to yours truly was the birth of a grandson (See "Births"). I am looking forward to seeing many of you at Homecoming. Please try to make it.

NELLIE STEWART Pettit (Mrs. C. P.)  
"Walbrook"  
Fredericks Hall, Virginia 23057

Have you missed seeing this column in the alumnae magazine? I hope you have, but in order to keep it going you will have to furnish the material. It has taken over a year to accumulate enough items for this one column. Because of this, some of it is outdated, but I'm sure you will be interested in reading it just the same.

MARY VIRGINIA WILLSON, our class president, is principal of a school at McLean, Fairfax County.

SALLIE MAE CLARK Christensen lives in Roanoke and is enjoying being "Grannie" to her two small grandchildren.

MARY ANNE RATNER Levy has two sons who are studying engineering in college and a teenage daughter who hopes to be a math teacher. The sciences have it in their family—Mrs. Levy studied engineering at the University of Washington.

JOSEPHINE GRIFFITH Kleiner and her husband had an exciting and busy 1968. Jo says that the highlight of the year was their two-and-a-half month trip to the Orient on a cargo ship. They have been "bitten" by the travel bug and are now planning a trip to Europe by air. Their son is a commercial artist with an advertising firm in Los Angeles, while their daughter is an airline stewardess. Jo's activities are many and varied, but at the present time her chief interest is work with delinquent girls up to 17 years of age. The Cuban refugee program in which she was active is now over, but she still sees many of the friends she made through that work.

LULA LEE LEWELLYN House sends her love to all of you and says she would love to see us. A good time for that would be at Homecoming, Lula Lee. Wish you would send more news about yourself.

BETSY RIGSBY McClain lives in Asheville, North Carolina and works with the Welfare Department there. She has a son who heads a construction company in Asheville and a married daughter who lives in Charlotte, North Carolina.

MARY ANN ROGERS McCoy has lived in Norfolk ever since she left M.W.C. to marry her "Dr. Mac". No recent news from Mary Ann, but I know that she has been very active in the work of the Episcopal Church Women of the Diocese of Southern Virginia.

JOSEPHINE BAREFOOT Lumpkin lives at Sandston and teaches home economics at Fairfield Junior High, where her daughter also teaches. Her son, a graduate of R.P.I., is employed as District Executive in the Boy Scout Council of Winchester. Josephine was at our last reunion and says she hopes to see us again this year at our 35th reunion.

SUE POWERS Jones teaches home economics at Marriott High School in King and Queen County.

ISABELLE WALKER Spence and her husband, Nelson, visited us last August. Their visit was too short, but we did a lot of talking in a little while. They are enjoying their retirement home in the mountains of North Carolina and make frequent trips to Houston to see their married daughter and son and two grandchildren.

MARION ELLS Sharp flew to North Carolina last fall for a visit with Isabelle. They were roommates at M.W.C.—as was yours truly our senior year.

A wonderful newsy letter from Marion brought me up to date on the events in her family. The most important happenings for them in 1968 was the arrival of their first grandchild. She and her parents are now in the Philippines, where her dad has a staff job with the Peace Corps. Marion's next oldest son is doing research for his doctorate in Oceanography at the University of Dalhousie in Halifax, Nova Scotia. Another son returned from two years as a Peace Corps volunteer on the island of Yap in the Mid-Pacific. He is presently teaching English in

the high school at Bridgeton, New Jersey, where they live. The youngest son is stationed in Germany with the U.S. Army. With two of her sons engaged to be married this year, Marion, indeed, has a growing family—and such a lovely one.

LEWIS COSBY, who is editor of *The Central Virginian*, our county paper, tells me that NORA GLENN Gleaton is now living in Atlanta, Georgia. How about letting us hear from you, Nora.

LOUISE CRIZER Nickels teaches at Jefferson School of Commerce in Charlottesville. Her husband was principal of Lane High School there for a number of years. They have two married daughters.

HELEN BELL Sharp has been Commissioner of Revenue for the city of Hopewell for several terms. I was delighted to see Helen last fall at the annual meeting of the commissioners in Richmond. She looked younger and prettier than ever.

We are saddened to learn that three members of our class have died since our last reunion:

E. THOMAS ("TOMMIE") Collins in '66

BERNICE SPICER Thoma in '66 – (Bernice attended our reunion in '64)

DOROTHY GILBERT Gardner in '67

Please plan to be at Homecoming this year for our 35th anniversary. Ten years ago, Mary Virginia and I did our best to get you to our 25th. Only three of us showed up. If you don't come this year, we will know for sure that you're too old and feeble to make it! Don't let this happen to you!

ANN LIPSCOMB Kline (Mrs. Allen)  
5400 N. 27th Road  
Arlington, Virginia 22207

CHRISTINE DUTTON Harper (Mrs. Richard C.) writes that she is enjoying frequent trips to "The Hill" since her niece, Elizabeth Gayle Lewis, enrolled as a freshman this year. Their son will graduate from the University of Richmond in June and plans to attend graduate school.

ROSELLA TUCK Davidson (Mrs. Paul W.)

JO LEE FLEET Edwards sent a nice note. She and her family are living in Wellesley, Massachusetts. Her two daughters were married before they left Baltimore—one on September 7, the other on December 7. It's been a busy fall and winter for Jo Lee! She bumped into JAMIE REDWOOD Witzel and had so many nice things to say about all the help Jamie had been in helping the Edwards get "settled in".

Do let us hear from the rest of you!

Bedford, Massachusetts 01730

Not much news this time as I have been busy getting out the class directories. They have been mailed to all who requested them and confirmed their addresses. If you have not received your directory let me know at once. Address changes continue to come in and I will keep you informed through the News so you can make changes in your directory. Have a few zips you may add: ALYCE AMORY Roach - 24541, DOROTHY GRAF Hecker - 44138, PAULINE GRAVES Lamason - 19086, RUTH HOWERTON ESTES - 23225, EVELYN KERBY Rule - 23707, DOROTHY MARTIN Dent - 06708, FLORENCE RAWLINGS - 22401, EDNA REED Goffigon - 23310, JANET SAWTELLE Allen - 13850, GLADYS SMITH Wheat - 22448, VIRGINIA TAPPIN Nolan - 11361.

Change of address: LOUISE LUCAS Cornell from 56 Sunnyhill Drive, Pittsburgh, Pa. to 2411 Kingman Drive, Wilmington, Del. 19803. PATRICIA SAGE Schreier from 55 Morningside Rd. to 25 Northwood Drive, same city, same zip.

Until June 1st - FAY FLETCHER Price will be at Box 124, Stu. Det. U.S. Army War College, Carlisle Barracks, Penna. - 17013. Ben has been promoted to Colonel and will be leaving for Vietnam. After June 1st you can write Fay at 8616 McHenry St., Vienna, Va. 22180.

A nice note from DOROTHY HINKELMAN Washburn indicated that she and Ken planned an extensive trip during the Christmas vacation. They were to fly to Guadeloupe, board a ship and cruise through the Caribbean and the West Indies, spending New Year's Day in Caracas, Venezuela. I hope that she will share some of those wonderful experiences with us.

DORIS M. MAUL Wessel wrote a few lines about her family. You will recall that because of illness, she did not finish until 1943, but she still considers herself "of the Class of '42." Her husband is still employed by the Olivette - Underwood Corporation in New York City. Son Wayne is a junior at Springfield College (Mass.) and Bruce is in eighth grade.

Please let me know when you move and continue to send all news of you and your families.

Shall we concentrate on boosting our class average for annual giving? We really could do much, much better.

We have three years to plan to attend our 30th reunion. It may take some of us this long so -- on your mark -- Write!

FRANCES WILLS Stevens (Mrs. James S., Jr.)  
432 Oakland Drive  
Raleigh, N.C. 27609

What a pleasant part of Christmas it is to receive all your wonderful cards, notes, surprises and this year newsy letters from ISABEL MARTIN Weremeyer and DOTTIE MCGLOTHLIN Mullins. Isabel sent a card from Tripoli, Africa with a personal note, a check for the Alumnae Fund (thanks so much) and two typed pages including wishes for "A Happy New Year to All Our Friends." Isabel and Ray's son Keith is at Fork Union Military Academy, where her father was the first headmaster. Needless to say they are delighted. They returned to the States last July 25 for vacation, visiting SARA CURTIS Nichols in Daytona, the Snead Family Reunion in Fork Union and shopping in Charlottesville and Rich-

mond. She returned to Tripoli via London after getting Keith registered at FUMA in September. Brian, 12, is busy with his guitar, tropical fish and model building.

Isabel sent news of MWC 43ers. SARA CURTIS Nichols has 5 children -- son Herb is in the second year of dental school, U. of Chicago; Mary will graduate from "some Illinois University" this spring; John is a sophomore at the University of Illinois. Sara Ann and David are musicians. Sara Ann played flute in the Student Orchestra of the London Symphony last summer. Peg Faulkner Griffin's husband is teaching at Monmouth College where their daughter Alisha is in her junior year. Peg is a social worker with the local school system.

A first from DOTTIE MCGLOTHLIN Mullins came saying "Moon" is senior member of his law firm in Norton and they celebrated their 25th anniversary last June. They have twin sons Leslie and Mike, 17 and daughter Ann, 11. Leslie skipped his senior year in high school and is a freshman at Harvard. Mike plans to go north to school too. Dottie is a Girl Scout Leader for 35 girls in a junior troop plus her other activities.

PRIS MACPHERSON Allen sent word that she enjoyed the reunion and that she was Republican Precinct Chairman in Silver Springs -- kept busy all the fall. She is also doing survey work.

SUZANNE DUPUY Decker and Si Sugg built a new home in Greenville, N.C., and have decided to stay. Si teaches upper level and graduate courses in history, political science and government at East Carolina U.

From FLORA COPENHAVER DeBusk come regrets for not making our reunion, but "after reading your letter (column in Bulletin) I felt like I had been there." Thanks so very much, Flora. Many of you have written much the same thing. MAMIE STAHL Via's card was most complimentary of my column also; I only hope you get as much out of it as I get from doing it.

JO HOLDING Ricks' daughter graduated from N.C. Wesleyan (Rocky Mount, N.C.) and is working there as an admission counselor. While traveling through New Jersey she looked up VIRGINIA WESTLAKE Banta and found that Ginny's husband owns Banta Motor Company in Madison, N.J.

"Joyous Greetings from the Logans -- PEG MORAN and Dick; Roz, 18; Frank, 16; Allan, 14; Tom, 13; John, 11; Fred, 10; Greg, 7; and Bede Elizabeth, 4" -- brought the summary of the year's Christmas letter. Roz graduated from high school and has a full time job at a convalescent home. Frank had a trip to Hawaii, class ring and letterman jacket (2 yr. varsity diver) all from his earnings. Allan has a before-school job in the cafeteria and plays water polo. Tom's interests are in football, soccer, basketball and track, plus being the tennis champ with Fred. John has a "silver tooth, the result of a bicycle accident." Fred, because of the opportunity to do challenging advanced work, is attending a different school; Greg is the artist - "working in almost any medium, he turns out things that are breath-taking to him and to his parents." Bede Elizabeth is learning to be a shrewd buyer - "Can we buy this Mother, or isn't it on sale?" Dick is happy counselling, while Peg works one day and night per week at the Medical Center and is president of the PTA.

CATHERINE LAUSHEY Covington writes that she is doing volunteer work with the Literary Action Foundation now that her two daughters are grown.

Word came that ANNE SHAGHY Dillman has been reappointed to the Perth Amboy (N.J.) Board of Education for five years.

Other cards came from BEA DRAPER Atkinson, KITTY PINNER Grinstead, NANCY INGLIS Russo, HELEN TRACY Totura, and MARY COBBS, who has moved to McGuire Road, Richmond.

To SALLY SNEAD McBroom -- I have sent in your present correct address and hope you are getting your bulletins now.

To ALL you Southern California gals! A new chapter in Southern California has been started. If you are not contacted, please write to me and I will find out whom you contact. There are 7 '43'ers in and around Los Angeles: MARCIA WILLIAMS Dighello, TINA CHRISTIAN Holohan, CLAIRE MOORE Kelley, BETTY HARTE Lewis, PEG MORAN Logan, JANE KEEFER Priewe, MAUDE MCMURRAY Roberts.

Last but not least, I send congratulations and best wishes to the Class of 1944 on their 25th Anniversary and only hope they have as great a reunion as the Class of 1943! To ALL of you from ALL of us, Little Sisters!

A nice note from CAROLYN WATTS Quigley brought us up-to-date on her activities. She and Vernon, Rector of St. Michael's Church in Orlando, Florida, have three children -- two daughters at Florida State University and a son in high school. Carolyn is teaching elementary school. She adds, "If any M.W.C. girls are living in Central Florida, I would like to hear from them."

The January 26th edition of the Richmond *Times-Dispatch* carried an article about LAVONNE Brown, who is working for the Mathematics and Science Center in Richmond.

MONIKA DAHL Scott wrote from Tulsa, Oklahoma, that she is looking forward to returning for the twenty-fifth reunion. I do hope that many of you will be able to come.

CAROLYN ROHR Huebner (Mrs. J.P.)  
2100 S. Pierce St.  
Arlington, Va. 22202

Christmas was a joyous one in our home, as I hope it was for each of you and your family. Our children, being 3 and 5 still believe (I hope) in the wonderful spirit of "Santa" so we were very busy throughout the season.

It is always good to hear from some of you during the Christmas holiday. DORIS WELCH Burton sent a delightful card from Indialantic, Florida, where she and her family, Ellen 15, David 13, Anne 12, Martha 11, Mark 9, Elizabeth 7, and Jenifer 5 live (only a mile from the ocean). Ray's job is located at the Space Center. You will be interested to know that Doris enclosed a picture of her children, and Doris said "another

customer, due in March, will make Ray and me the oldest living members of the elementary P.T.A." Congratulations from all of us, and we hope it's a boy; let us know.

ELIZABETH STALLINGS Sharpe sent a typed "newsy" letter from her home in Del City, Okla. Also JEAN HARPER Lee sent greetings from Anadarko, Okla., so perhaps Jean and Elizabeth will have an opportunity to get together; they both stay busy participating in varied activities, clubs, etc., with their children.

SALLY HERITAGE Jorden helped sponsor a senior class (school where she teaches) touring Washington, D.C., and we took advantage of the opportunity to get together. We met at the Twin Bridges Motel and had a fine chat; however, I did not receive news about any northern graduates. I wish you gals would keep your agent more informed because I really need your help.

In February the Northern Virginia Chapter sponsored a co-luncheon with the Maryland Chapter at a Chinese restaurant, Seven Corners, Virginia. There were 53 girls attending; each girl was introduced and told which class she represented. Your old stand bys, JEANNE TILLERY Vesey, and DOROTHY SAMUELS Smith, and I represented our class. Mary E. Tarplay, our president, introduced Ann Perinchief, the new director of the Alumnae Office, who reviewed current happenings, changes and reflections at Mary Washington.

ANNE MARTIN Smith told us that she gets together with HELEN DOYLE Holden, DOT LYONS Miller, BETTY LOU LOFTIS Sheffield, and LOIS DAVIS Minetree about once a year. It sounds like great fun. Anne's husband is general and export accounting manager for the Brown and Williamson Tobacco Corporation in Petersburg. The Smiths have two children Doug (17) and Marty (13).

A note from ELAINE JOUARD Collins from Kailua, Hawaii! Elaine's husband will return from Vietnam to be stationed with the Pacific command, so it looks like they will be staying out there.

ANNE McCASKILL Libis (Mrs. C.F.)  
Windsor Mill Rd. Extended  
Box 317  
Baltimore, Md. 21207

Christmas cards were received from FRANCES MALONE, CHARLOTTE KALIL Harvey, JEANNE FARRINGTON Leslie, JUNE DAVIS McCormick, BETTY RUSSELL Brown, MARY ELWANG Shannon, PEGGY ELLIOTT Sweeney, BETTY PURNELL Logan, HILDA JONES Blakemore, LEONA HALL Howard. Most said they will be at Homecoming. Few wrote notes. CHARLOTTE KALIL Harvey and family spent ten days in Florida and found it as cold as New York. Enjoyed Cape Cod in the summer. She is president of a church group does PTA work, helps in the inner city and is a Cub Scout den mother. The family also had a Fresh Air Kid during the summer.

MARY ELWANG Shannon and LEONA HALL Howard will have girls in college in the fall. DELMA GEORGE (Major, that is) is based at Long Binh, South Vietnam and has been for six months. They work a ten-hour day beginning at 7:30 a.m. They furnish supplies, equipment, postal services, maintenance for equipment and

replacement of losses for the troops. Her post is about 30 miles northeast of Saigon. Let's hope she is safe as I write on Feb. 27. If anyone wants to write -- the address is: Major Delma George, Hq. 1st Logistics Command SPTO, APO San Francisco, California 96384.

MARY LOU VOLLMER Cloar writes for the first time and plans to be at the reunion. She married an Air Force man who is now at V.M.I. They have two daughters almost college age. ANNE MCCASKILL Libis accompanied her husband to a conference for the first time. They flew to New Orleans and really did the French Quarter.

JEAN BUTLER Lancaster writes that she is teaching in Henrico County. She and her husband have four children. Her MWC roommate, GLENROSE ALDRED Hillock and husband Joe are now living in California with their three boys.

BARBARA WATSON Barden writes that her husband, Bob, is a professor at Millerville State College in Pennsylvania. Her son Jeff was accepted at Haverford College under the early decision plan.

Everybody! -- Write to your friends and come to reunion. Let's fill a dorm! Let me know if I can help. There will be no collections and it's all free.

DOROTHY HELD Gawley (Mrs. Irvin, Jr.)  
177 McCosh Road  
Upper Montclair, N.J., 07043

Again it was nice to hear from so many of you at Christmas time and to receive family pictures. And don't forget -- start saving your money for a trip to Fredericksburg next spring. It'll be our 20th reunion!

MARTHA CARR Huddleston is still going strong teaching high school age pupils in the corrective Reading Program in Va. Beach. Is also going to graduate school which means commuting to Wm'burg once a week.

ANNE "OZZIE" OSBORN Cox is now living in Ft. Lauderdale. They like it very much and have decided to build their permanent home there.

A short note from NATHALIE DODSON May tells of a visit she had this summer from GINNY LEE DOWNER Williams '49 and husband, who were in Miami for the Rep. Convention. Her (Ginny's) husband is now a senator of Denver, Col.

From Switzerland BARBARA HUBER Bohmann writes of life in "small-town" Zug. Jill and Jane are learning winter sports and husband, Jerry, gets to travel in his work -- Beirut, Athens, Baghdad, Oslo, etc. Barb mentioned they've been in Europe for 5 years and they still love it.

The family of MARY COTTINGHAM Warren and Bob is still happy in Eatontown, N.J. Their oldest daughter, Kathy, earned enough money last year to buy her own horse -- a lifelong ambition! Bob was in an auto accident last spring but felt fortunate in receiving only cuts and broken ribs, since the MG was a total loss. And as a result of the accident he gave up smoking -- inhaling was too painful. Mary says she is still busy with the three C's -- Cooking, Cleaning, and Chauffering.

ELMIRA DOOLITTLE Briggs is now living in Madison Conn. in a nice "woodsy" area.

GRACIA PLYLEY Kather and Rudy had a 2 week vacation in Nov. They flew to San Juan, St. Thomas and then to St. John's, where they spent 9 days camping in the Nat'l Park there. They rented all the camping equipment and had a wonderful time. Plan to go back in the winter months of 1970.

Another move for BARBARA BIRKENMEYER Mader and family puts them in Warren, Pa. Bill has changed jobs, hence the move. Barb has taken a real estate course and the whole family took trips to Virginia and Key West.

SHIRLEY COLE Schleter writes of new construction work going on in her home — large bedroom and a family room. They all spent 5 days at Nags Head this summer — a quickie vacation as they had to stay close to the construction work.

All is well with HELEN HOPKINS Mizell and family. They just acquired a puppy for son, Glenn, last spring, also had 2 trips to Daytona Beach.

GERRY BOSWELL Griffin is really enjoying Atlanta. They have become active in the church. Judy, Age 7, is now in 2nd grade and Davy (3) attends a co-op nursery school at the church. Gerry mentioned meeting ROWENA SIMPSON Renn at an Atlanta Symphony concert.

We had a March visit from MIM SOLLOWS Wieland and Earl at which time we saw some of Earl's slides from India, Pakistan, Japan and Hong Kong. He is planning a similar business trip this spring.

We had a long letter from MARGARET BRYAN Morgan. After leaving MWC in '49 Margaret married an engineer who became an Episcopal priest in 1956. The Morgans currently live in Alexandria where he is rector of St. Luke's Church. Her letter was filled with thoughts of a rich and fulfilling life. I wish all of you could read it. She enclosed a picture of her family. Those four children are certainly good-looking. Last summer the Morgans took a five-week tour of the U.S. by stationwagon.

Well, I hope I haven't left anybody out. There are still a lot of you who have been un heard from for a long time. How about a short note?

DORIS ANN LINDSEY Hoff is now living in Raleigh, N.C. where her husband is a consultant for Modern America. Doris has been teaching since '67, has three daughters.

ANNE LOYD Spinn was chief copy writer for Radio Station WTMA in Charleston, S.C. before her marriage in '55. At last report she was living in North Chatham, N.Y., having moved 16 times in 12 years! Her husband is a sales rep for Pepper-Tanner Corp. They have 3 boys and a girl.

BARBARA McFARLAND Carper taught math in Norfolk until '61. Her husband is a salesman for a wholesale lumber company. They have a boy and a girl.

IRENE MALIAROS Mathas taught in Norfolk until '65, and was named Teacher of the Year in 1960. Her husband is the president of the Chesapeake Bay Beverage Co. They have two sons, ages 4 and 2.

BETTY MASON Roper is living in Decatur Ga. Charlie is an Episcopal priest, and they have five children, the youngest born last May. Betty plays viola in the Atlanta-Emory Chamber Orchestra.

JACKIE PAYNE Taylor is now living in Chatham, N.J. Fred is Department Chief, Engineering Research for Western Electric. They have two children.

ARLENE PHELPS lives in Washington, Mich., has a daughter about a year old now. Her husband is an engineer and buyer.

NANCY POTTS Weikel did advanced study and was a medical technician at Emory University until '56. She is married to a Methodist minister and was last living in Blountville, Tenn., but expecting to be moved. They have three children.

JACKIE REESE Perdue taught until '60, is now living in Chester, Va. where her husband is a training supervisor for the State Parole Board. They have three children.

DEIGH RENN Simpson majored in chemistry and worked in that field, from medical to editing, before beginning work towards an M.A. in experimental psychology which she completed last summer, along with a job as a programmer for Cognitive Systems at TCU. She and Frank, who holds a Ph.D. in analytical chemistry, are now living in Beaumont, Texas. They have a daughter 14.

BERT SHELTON Stornetta is living in Annapolis, Md. and would love to have you call her if you're going to be in the area (301-757-2831) for a guided tour of the Naval Academy and environs. Her husband, a Commander in the Navy, is in Vietnam for a year, and was previously Director of Plans and Policies at the Naval Academy. WINNIE HUNDEMANN, MIL BROWN and CONNIE BENNETT Elliott stopped to visit Bert on the way home from the reunion. Bert has 5 children (3 boys, 2 girls) all of whom play the piano like virtuosos. Connie reports!

NANCY SPECK Allison worked until '55 in the chemistry lab at Johns Hopkins Hospital. She and Paul were at last report living in Springfield, Mo., but awaiting his new assignment with the Army. They have four children.

BECKY SPITZER Harvill has been teaching since '66, in addition to being the mother of four girls and two boys — that's busy! Robert is Manager of Management Information for Westinghouse in Staunton.

CAROL ANN SMITH Boyes lives in Rockville, Md. and has four children, leads Junior Great Books discussion groups and is a Head Start volunteer. Her husband is a systems engineer.

MARIANNE STIVERS Karydes has been very active in civic affairs and community councils in the Arlington area, including executive positions with the League of Women Voters, some political campaigning and a Fair Housing Committee. Her husband is Division Manager of a publishing firm. They have 3 children.

RUTH WILLIAMS Campbell began her private practice as a pediatrician in Richmond in '60, is now Assistant Professor of Pediatrics at MCV and Acting Director of the Pediatric Out Patient Dept. She served as President of the Richmond Pediatrics Society in 1968, and is a Fellow of the American Academy of Pediatrics. Her husband is an anesthesiologist. They have a son four years old.

PAT KERRICK does social work in Culpeper, Va. for the Department of Public Welfare.

JANE ABBOT Tyler is a staff writer for Colonial Williamsburg. Her sister Lucy, also an MWC graduate, is married to Henry Laroon and is currently with the Peace Corps in Ethiopia.

A letter from KATHRYN GARLAND Obenshain advised us that she received her master's degree in music from Radford College in August, 1967. She is now teaching at Radford and reports that her "big" news is that a leading choral publisher in New York City has accepted her book of anthems for children. Three single children's anthems will also be published soon; Kathryn promises a copy of each for the MWC Library, so do remember to ask to see them next time you return.

North Port, N.Y., 11768

It was a mixed bag of mail this round! After eight years of being unclaimed FRAN MOORMAN Hawkins has turned up at Union Theological Seminary in Richmond! Welcome back Fran! I guess we're going to have trouble keeping track of ALICE OREM Hefner now that she's started traveling. Are you going to stay in Northbrook, Illinois, for a while, Alice? JEAN PEYTON Brennan has moved from the west coast to Newport, R.I. How about some details from you girls?

Congratulations to MARY KATE BIRD Dellitt and her husband, John, who has been made a partner in his law firm. M.K. has had a very active year campaigning for McCarthy and running for a local school board post. She and her troops vacationed in California at Christmastime. CAROL COOPER was also vacationing at that time — in London! Great time!

VONNIE DUTTON has moved back to the milder climate of Tucson, Arizona. She has also retired again! ANNE LOU Rohrbach is still stirring up dust in Oklahoma City, Okla! She sends word that the husband of KRISTINA MASSIE Swain died of a heart attack last fall. I'm

sure Kris and her seven children would appreciate hearing from old friends.

I'm looking forward to the mini-reunion the end of this month! If the children have many more "snow days," I'm going back to school! We did get to Florida last month which helped, but I can't wait for spring.

#### FROM RUXTON, MARYLAND:

JOYCE STEVENSON McCrystle left MWC in '54 and completed her education at Maryland Institute of Art receiving her BFA degree from there in '56. Then she taught art at the elementary level for 3 years. In '57 she married J. Brooke McCrystle who had graduated in '56 from Loyola College in Baltimore. He is presently sales-service representative for Reynolds Metals Co. in the Baltimore Office. Also, he will graduate from the University of Baltimore Law School in June '69 and take the bar exam in July. They have 2 girls, 9 and 1 1/2. Joyce toured Europe before her marriage; travels since have been close to home with the exception of a California vacation the summer of '68. They are hoping for a Rome vacation during Easter week. They are enjoying remodeling an older home. Joyce enjoys interior decorating and sewing. She attends all the antique shows she can, and she belongs to a group which jogs 3 mornings a week. She's active at her older daughter's school, Notre Dame Preparatory School, and she belongs to St. Vincents Infant Home Auxiliary, which is where they adopted their youngest.

#### AND LAST, BUT NOT LEAST, FROM VIRGINIA:

MARY ELLEN FEKAS Wildman and Walter live in Newport News with their 3 children. It has been 15 years since we've had any word from Mary Ellen. Walter recently opened a new office (he's an architect) in Hampton.

SHIRLEY HAYES Hunter and Bill live in Hampton. Bill is attached to Langley Field. They have 2 children.

In Springfield, LIBBY SMITH Eckert is involved in the world of little people: Leslie-7, Jenny-4, and Bennett-2. Gary is with Univac. Libby takes education classes at UVA from time to time.

ALDEEN BURTON Markle and Herb live in Lorton. He works for Night Vision Lab at Fort Belvoir. Leah is 5 and in kindergarten. Aldeen taught school for eleven years, then went to graduate school for state certification as a librarian. She is now with Fairfax County. Their summers are most often spent at Cape Hatteras and the beach.

KAY SAINÉ Nuckols and Norvel are awaiting the arrival of their second child near Mother's Day at their home in Franklin. Their son is in second grade now. They enjoy many camping trips to Myrtle Beach.

We have no addresses for the following LOST classmates: if you know their whereabouts, please send me information: HELEN WILKINS Obenshain, SALLY SAEGMULLER Haley, GRETCHEN LEWIS Harman, CAROLYN YVONNE DUTTON, PEGGY AKERS Wallace, CATHY DICK Ray, MEREDITH MILNE Roos, BEVERLY BENTLEY Smith, PATSY HUBBARD Johnson, CYNTHIA MICHAELS Jensen, SUZANNE BORLEE Grasberger, LEE BLANK Richmond, NANCY DUGGER, and LYDIA MOTLEY.

And, there's the state rundown, gals. Send along a note if your state wasn't included. If you haven't answered the postcard I sent you, how about getting on the stick, eh? If you haven't received a postcard yet, don't worry, it will soon be on its way. And, if you still haven't received a postcard its because we have no address for you, and don't know where you are. Help! Write!

NANCY HALLETT Guest (Mrs. H.R.)  
2 June Drive  
Loudonville, N.Y. 12211

I received a very newsy letter from KATHRYN BROADWELL Fazekas whose husband is now stationed in Quantico. Kathryn won the "All-Show Award" in the first Annual Ceramic Show held in the fall. Kathryn keeps busy being a Cub Scout Den Mother to 8 boys, as well as raising Pomeranian dogs! Her husband is Director of the Materiel Division, Supply Dept. USMC.

LIBBY FIELD Erwin wins the prize for the best correspondent! She writes they are on the move again - this time to Hinsdale, Illinois, where Hugh is manager of the Midwest Division of the American Seating Co. They have bought a 70 year old home with many rooms! Libby ran into JOAN O'SHAUGHNESSY Kaufmann while house hunting! They are moving back to California as Paul has a new promotion!

MARY COLLEY Alexander and her doctor husband are in Roanoke, Virginia, where he began his practice in July.

BETTY LOU SUTHERLAND Greer lives in Santa Barbara, California, where her husband is a neurologist with a medical group.

BETTY RHODES O'Donnell is enjoying Canada. She thrives on her trips to Montreal, where she buys antiques and enjoys the French restaurants.

SANDY ELROY Dale writes Malcolm is so active in the Young Republicans that she felt he was running in the last election! She ran into DOTTIE SPENSE Dederick at a MWC Alumnae Tea. Dottie lives in Stamford, Ct. and is married to a lawyer.

Finally, this summer, if all goes well, BETSY JONES Ware and husband Latnae will be headed back to Richmond where Latnae will begin practice. It's been a long haul!

The Guests have finally succumbed to the ski bug! The boys have done extremely well. We spend our week-ends and vacations on the Vermont slopes.

VICKI MAJURE Souder and husband Bill plan a trip to Aspen, Colorado, skiing this spring.

Keep the news rolling in - it doesn't take long to drop me a line. So long for now.

JEAN LEE ANDERSON Chapman  
(Mrs. C. Rodney)  
1405 Hillsboro Drive  
Richmond, Va. 23229

I have received some nice notes from some of you. Thanks so much for the few minutes of your time that you gave to all of us.

I received a long letter from HARRIET AYRES Chamberlain. It was so full of news - such fun to read! Harriet and Bert live in Dallas, Texas. They have two children - Richard, 6 and Cynthia, 2. They moved last year into their first home. MARTHA COLLIER Scruggs lives two

blocks away. She attended MWC two years. Many of you probably remember her. Harriet writes that she is teaching third grade in her spare time and is working on her master's at North Texas University. She sent news of several classmates. DOT DALTON Crossan and Mike are expecting number 3 this spring. (It will be here by the time this is printed.) BERNICE EUBANK Brieger and Jim are living in Holland. It seems they and the two girls are adjusting quite well to life abroad. Jim is with Sea-Land Transport in the European division. They expect to be there about three years. Bernie is expecting number 3 in May. They have traveled to Belgium and England so far. What an opportunity! They plan to see much more before returning to the States.

ELAINE DOWNING O'Bier and Harriet probably have the same lesson plans. Elaine also teaches the third grade, but in Milford, Del. As she writes — "Do you remember what I always said I'd never be — a teacher!" She loves it. Her two children are Gregory, 6 and Ann, 5.

PRISCILLA BRAMHALL Hodges has an official title, Household Executive. She seems to be quite busy with other interests, too. Besides being a Junior Leaguer, she assists her husband on buying trips for their store, the Connoisseur Shop, specializing in candles, paper goods, imported gifts, gourmet wares, lamps, and bar wares. She also enjoys skating, skiing, trap shooting, and gardening. They live in Hartford, Conn., with their three children — Jennifer, 9; Jeffrey, 7; and Kimberly, 5.

Fort Wayne, Ind., is the home of PAT CAIN Naglak and Andrew. Pat is a busy homemaker. Her two boys are Michael, 8 and Thomas, 6. She still has time to help with the Welcome Wagon, A.A.U.W., B.F. Goodrich wives, and some graduate work in accounting. Another graduate student is BEVERLY HOWARD Teets. She received her B.S. in Medical Technology from Univ. of Tenn. Medical Units in 1957. She now has completed her masters work in Medical Technology at U.T. She works part time as teaching supervisor, School of Medical Technology (ASCP), Holston Valley Community Hospital, Kingsport, Tenn. Her husband, Forrest, is a personnel representative for Tennessee Eastman Co. They have three children, Timothy, 5; Thomas, 3; and Kitty, 1.

MARJORIE CONNOCK Pierce and James live in Clarksville, Md. She wrote that she had taught fourth grade until her family arrived. Now she is quite happy looking after Christine Louise, 6 1/2 and Sharon Lynne, 3. ANN CRANIN Gallivan and John are living in Hingham, Mass. Ann is very active in community work such as American Cancer Society, Mother's Club of Hingham and Hingham Community Center. Their three children are Johanna, 8; Gay, 7; and Amy, 4 1/2.

In the Virginia area is BLANCHE BOWMAN Nusbaum. She and Charles have two boys, Charles, Jr., 4 and John Myers, 2. They are living in Norfolk. ANN FLANAGAN Gregory and David are in Virginia Beach. They have moved into the home David designed. Davey and Danny are their two boys. Roanoke is now home for GENE HURT Smallwood and Thomas. Gene taught school for seven years, five in Richmond and two in Roanoke. Now she is retired and looks after Ellen Thomas, age 3.

I hear that RUTH McCULLOCH Sigler has moved to Carmel, Ind., a suburb of Indianapolis.

Skip works for Corning Fiberglas. They have three boys, ages 7, 5, and 15 months.

A letter from CAROLYN TIBBETTS Andersen reveals that she is not "lost." After several years as a television commercial writer for stations and advertising agencies in Charleston, S.C. and Boston, Mass., she moved to New York City in 1965. She married Jon R. Andersen, a commercial television film producer; they have a recent addition to the family. Carolyn is currently on leave-of-absence from Fairchild Publications, where she was Accessories Editor for "Home Furnishings Daily." The Andersens live in Allenhurst, New Jersey. It's good to hear from you, Carolyn.

I hope all of you have a nice summer. Please send me a post card of news by July 15, otherwise there will be no more letters for our class!

Bye for now . . . . .

EDNA GOOCH Trudeau

"...should auld acquaintants..." Last reminder, girls, before the Big Weekend!

Here we go! EDITH WEBER Staib and Allen are expanding their house to please their latest arrival, Andrew. Kathy and Tommy just adore little brother. When time's available, mom and dad still sail. Sad note from ELEANOR MARKHAM Old concerning her mother's death. Eleanor is still substitute teaching which gives her more time since Jimmy is in 1st grade. Arthur is manager of the Felt Division of Armstrong in Fulton, N.Y.

IRENE PISCOPO is working for Phillips Electronics in Mt. Vernon, N.Y. She is a demonstrator and lecturer, explaining all the marvelous functions of their microscope. She's really enjoying it so far. ANITA HAEBERLIN has been made assistant cashier of 1st and Merchants National Bank in Richmond and is thrilled with her promotion. Note from PAT GRAY Proulx saying she had managed a little vacation time squeezed in among her busy family and had visited with MARIANNE CARRANO Raphaely. KITTY DISHMAN Crandall is residing in Warrenton while Harry finishes his tour of duty in Vietnam.

PUG SHIPMAN Kaufman's Alan is busy with six sandwich shops. Cheaper by the half-dozen? Pug still maintains an active interest in golf, even participating in a tour; since Jeff and Julie are in school, she has more time. Some company for Bess, a new little brother, Scott, compliments of JULIE COATES Littlefield and Mo. Mo is still working on his doctorate but his one love is student personnel.

L UANNE HARRISON Mortimer writes of husband, Ed. He is resident supervisor for a local civilian shipyard in Sturgeon Bay, Wisc. They have a Navy contract for the construction of patrol boats, minesweepers, etc. BUNKY BOURKE Firth's John is the plant manager of the plywood plant of Weyerhaeuser Timber Co. in Jackson, N.C. MARCIA PHIPPS Ireland and Gary have a son, Kent Richard. Kristen is in kindergarten. Gary is preparing for N.J. State arch. regents. Good luck! GAY GAYLORD Allen's husband, Howard, has just completed his master's in Russian history. Gay works as a volunteer with mentally retarded children. No little ones of their own yet but two dogs which they love!

A great Christmas present for the Carpenters! Emily left her two precious little men for a visit with her one big man, Tom. He was able to get leave in Hawaii, and Emily flew there to be with him. Then back to Vietnam and before too long back home. MARY CAROL JAMISON Gwinn, who is teaching away in Covington, wrote news of the birth of CAROL AGESON Dunigan's 2nd son. ELAINE CECCARELLI Behling had her third child in February. She and George traveled much this summer. Spent some time in Cape Cod, Va., D.C., etc. She saw DIANE MOSELEY and PAT TREDWAY Fang.

GLENN DOWNING, MARY ELLEN FREDMAN'S husband, just received his doctorate in business administration at George W. Univ. He will be working for a consulting firm in Falls Church. They spent three weeks in Los Angeles this summer. Mary Ellen is very active in the Jr. Women's Club whenever she can tear herself away from her two lovely children.

Believe it or not, KAY ROWE Hayes and family are in Ethiopia. John is a civilian employee of the Army which affords much travel for them. What with golf and her volunteer welfare work and her two children, she's on the go!

RUTH GAINES Watkins sends news that ARLENE HAWTHORNE Lovell is working on her Ph. D. in Somerville, Mass. Arlene toured Italy and Greece this summer. Ruth is the editor of a small Montgomery County newspaper in Maryland. Finally, a note from BARBARA COHN Krebs. She has two boys, is teaching biology, and George will receive his Ph. D. from Rutgers (psychology) in June. Quite a bit of news!

Here we go again. Just can't stand all these celebrities. Guess whose husband is Mayor of Patterson, N.J.? You're right. MARY ELLEN FORBES. Now, how come y'all knew that? Another busy note from ANN BROOKS Papadatos. She says JEAN JONES McNabb has a new home in Va. Beach and that MONK JONES is in charge of a day care center in St. Louis, Mo. Ann's two dolls keep her running. PRISCILLA BROWN Waidlaw wrote of her new home in Jackson Heights, N.Y. Room for her growing two sons. GERRY JENKS Winston has been thinking of sending a sympathy card to Ryland's first grade teacher. MARTHA HUFFMAN Wood's young lady, Elizabeth, is also in first grade this year and just loves it. Martha is team teaching a seventh grade English class in Fairfax County. Manages to bump into SALLY MARRIOTT Clark who is in guidance and KATHY KOONTZ Grimts who teaches math. JO NEAL HENDRICKS Souly is very pleased with Dick's entry into law school. JOAN ESSICK Woloson Can't seem to get away from the 6th grade. Kent is serving a four year term as Peace Justice. Such excitement!

SALLY NEAL Pistey writes that she and Warren have moved from West Virginia to Richmond. We seem to be on the move!

JEANNE DONAHOO Clapp moved to San Diego last summer. She works in merchandising in a department store there. Her son Mitchell is now 6. Jeanne asks that you call her if you're in the area.

A letter from MARCIA SPENCE Harrison told us that she and Bill are becoming natives of Annapolis. They love it! Marcia is active in the local A.A.U.W. branch and the Swim Town Club. She

says that SUSAN HUGHES Whittaker lives nearby; they see each other frequently.

Tom began to be so nasty about walking sideways in the apartment. I broke down and let him buy me a home. Let's see, that means furniture, curtains, wheeeee, rugs, parties, wheeeee....!

It's SPRING! Do you remember spring at MWC? Do you remember the red fleurets on the maples? The big lindens drooping to the walk between Chandler and Tri-Unit? The flowering trees outside Westmoreland sprouting odd tags to mark growth and budding for some science class? The Japanese weeping cherry tree outside Seacobeck? Early sunbathing on the ramps of Tri-Unit or on the hill behind Dupont? Umbrellas lining the dorm halls, dripping outside each door during the "monsoons"? Studying outside anywhere there was a patch of sun? Trying to do your term paper in the library when the windows are open and all the smells and sounds drift in? Just a random thought to put you in the mood.

I have some news items forwarded to me too late for the last issue. Other than that, I did not receive one letter this time. All my news came through personal contact...and that's not fair. I can't reach nearly as many that way.

LOIS AYLOR Lohr wrote that her daughter, Karen was born in April '68, joining her son Gregory. Lois' husband, Mike, got his D. Ed. from U. Va. last August and is employed as an asst. prof. of mathematics at Virginia Commonwealth University. PAT ANKERS Pyeatt sent a newsy note. Pat and Ron took skiing lessons last winter with NANCY THOMAS Robertson and her husband. I bet they put those lessons to good use this past season. They get together often for bridge and boating. Pat learned to water ski too last summer which delighted Ron, who has been skiing for 17 years.

John Hurt, LYNN WORD'S husband finished his psychiatric training in June '68 after which they left Charlottesville for Memphis, Tenn. There he went on duty with the U.S. Medical Corps at the Naval Air Sta. It sounds like that was a classic month for Lynn. John finished in early June; they moved the 10th. Lynn flew down with Owen, daughter number one, and two cats. Mary Claire, daughter number two, was born the 22nd. All in one month! They have a nice new home in a suburb of Memphis. Lynn, have you run into BAYLA GOLDBERG Manis there? I haven't had news of her family in years and last I heard her husband was employed there. JEAN CLARK Weatherson wrote from Lawrence, Kansas where her husband, Don, was getting his MS in Petroleum Management for the U.S. Navy. They had a third daughter last year named Linda Ann.

I talked with BUNNY ROGALLO Lawrence, '61, at Quantico recently. She was expecting a third child soon. We met through a mutual USMC friend. That friend, CAROL MCKEE, attended MWC briefly while her husband, Sam, was at Basic School. I met them at Parris Island. Carol and Sam are my daughter's godparents. I've just discovered that Sam is related to PEGGY

KELLEY Reinburg, '58, and JUDY KELLY Hicks, '59. Does that make us god-cousins? So much for this month's Small World Dept.

JOAN FULLER McCormack, Frank, Lynn and Diane have moved to a gorgeous home in Fairfax, only twenty min. from me. We had dinner with them a few weeks ago and enjoyed reminiscing. Nothing too exciting at my house lately. My family, like so many, became interested in skiing this year. The children love it and, I hate to admit it, my eight year old son can outski me after only one lesson. Oh well, someone has to keep the fire going back at the lodge. This spring I started a course in Yoga and am at last learning to play golf. Some of you who may remember just how athletically inclined I am will get a good chuckle out of all that. I'm every bit as uncoordinated as ever; I just try harder.

While attending a Ladies Golf Assoc. meeting, I kept noticing an attractive girl across the room who seemed to be looking at me too. It was TERRY HORSMAN Ammons. Her husband is here at Quantico until July. I got to talk to Terry and meet her adorable little girl later. Terry had news of several classmates we haven't heard from in a long time. JOAN SCARRITT Reynolds has two sons, Jeff and David. Her husband is planning a leave of absence and is taking the family to Mexico for a year. Like WOW! The only lv. of absence the USMC arranges for a year doesn't even compare. I didn't know where Joan was; there hasn't been any news of her in ages. I still have three of her paintings purchased in 1960 at MWC just before graduation — priceless Scarritt originals. I still enjoy them and so do my guests. TRICIA BURKE Duke, who I thought was still in Richmond, is now in West Palm Beach, Fla. LINDA FULLER Watkins is in Alexandria, close enough to make it for homecoming, huh? EMMY STEINBERG Hines, my fellow Va. Dorm freshman counsellor, is in So. Orange, N.J. and I'd dearly love to hear from her.

DIANE DELAMARRE Madgic let us know that she received her master's degree from San Jose State College this year. Congratulations! Three years part-time is a long, hard pull, but you made it! Diane added that she spent a day with JUDY DAVIDSON Creasy and her two children, Michele and Bobby, at their lovely hillside home north of San Francisco.

Homecoming is staring us in the face again. This will be my 6th in a row. Hope springs eternal, however, and each year I search longingly for more of you. So far our class hasn't made too good a record for itself. Some of you simply must come this year to help me organize our first big anniversary next year. You gals in Richmond, No. Va. and Baltimore surely could get away for just one day. 1970 is our 10th Anniversary; it's a milestone and shouldn't be allowed to slip by unmarked. If we start now we'll have everything set for a really wonderful occasion. Those of you who live too far away for two homecomings in a row — put in your bid NOW for a pilgrimage in the spring of 1970.

P.S. No. 1 — I am purposely ignoring ROSE BENNETT Gilbert's news. She didn't even let me know she was expecting. I found it out the very day her son was born, then heard about the baby two weeks later by chance. So I'm not even going to tell about it, that'll fix her.

P.S. No. 2 — RE. news for this column: My deadline occurs well before publication of each

issue. Please write as soon as you get this so your news won't be passe by the time its published.

I do hope to hear from lots of you before the next newsletter so please don't let me down. See you at Homecoming?

Affectionately,  
Jody

Hi Gals! Christmas cards always bring much news, so here goes. PATTY CAIRNS Hourin visited PATSY WHITEHEAD Crane in Connecticut over Thanksgiving while Patty was in the area with Jim's parents. Jim is in Vietnam, and Patty and her two boys are in Alexandria. It seems that BEV CARLSON gets together occasionally with Patty and with NANCY WRIGHT Wright in the Falls Church area. Bev's Jim had made the big decision to resign from the Marine Corps, but at the time didn't know when he would be released. Nancy says they've had a fun year, enjoying the D.C. area. Last summer they had a wonderful vacation in Iowa with Grant's parents and his brother and family. They rented a cottage on a lake where they had fun swimming and boating. Nancy has been taking a couple of graduate courses in guidance at night at the U. Va. Extension. Dr. Alvey was her professor last spring, and he is a wonderful teacher. She felt it was a real treat to be in his class. Her two boys are 5 and 3. David now being in kindergarten and loving it.

Two former roomies got together in December—CARLOTTA CROGHAN Clark and JANE SNYDER Osmon. Carlotta has two daughters, Miriam and Margaret, and Jane has two boys (2½ and 11 months) who are adorable but very hyper-active! Jane lives in Virginia Beach, and Carlotta lives in Bethesda, Maryland. ROSIE BORKE works at N.I.H. Carlotta talked with LYNDA FOSTER this summer on Lynda's way to Canada to visit her brother. She now lives with her little girl in Spartanburg, S.C. where she teaches and helps take care of her ailing mother. Thanks for the news!

CAROLYN CRUM Pannu and her husband, Singh, both seem to love Milwaukee where Singh is happy with his eye surgery program and she has enjoyed the many activities of the medical wives group—book discussion, cooking, crafts, the Chicago convention in October, etc. She has found two classmates there—VICKI BIGGERS Henshaw whose husband is on TV, and BETTY STEWART.

DEE DORAN Cairns and Doug are still enjoying San Antonio where Doug is working with the F-5 (freedom fighter) plane and finds it very interesting. Hemisfair was very exciting, and they saw lots of friends as a result. They came to Arlington for the Christmas holidays and sure had a grand time.

A trip to Greece this spring was GEORGIE GEORGIOU Rahnias' big news item! She and George will take Georgia and little Dina to meet the in-laws and grandparents for the first time... I know you will have a marvelous time and will be considered a celebrity while there! Georgie had a visit from her roomie MERLE TRAYHAM Brosnan for a few days last summer. Merle and Bob live in Woburn, Mass. with their little boy and girl. It was the first reunion in five years and was quite an event. Georgie also heard from JANE EWERS Robinson, whose husband just returned from Vietnam; they live in Jacksonville, Florida with their two sons. Thank you for all the news.

The Lippolds—Jim, JOAN (GIBSON), Karen, and Jan are happily settled in a lovely house in Bowie, Maryland, after moving from Raleigh, North Carolina, January first. SANDEE JUDKINS Armitage sent the news that her husband Bob is a principal now and all are very happy. Her daughters are 4 and 6. They live in Brookfield, Connecticut. Union Carbide seems to be giving ELEANOR (KNIGHT) and Cliff Jensen a chance to travel—they spent a month in San Francisco last year. Most of the time they live in Charleston, West Virginia. San Francisco is also going to add another classmate, LINDA LANGE Senf and Tom, who were to move there in March from Santa Monica. Tom will be manager of the U.C.B. office there. She sent news of MARGARETTA KIRKSEY Bir who apparently has been living in Athens, Greece for the last 3 years where her husband is attached to the government. Surely wish I'd known as I would have called her on one of our recent trips there.

South Carolina is still home for CHARLOTTE (HOWARD) and Hank Austin and their three year old Edward. Edward became an American citizen (he's a native of Newfoundland) in December, but otherwise is up to all the antics of any little boy—digging up Charlotte's flowers, capturing all sorts of bugs, etc. Hank was promoted to major in November and thus has a new job as Director, Drill Instructor School at Parris Island, where they'll probably remain another year. Charlotte started doing some substitute teaching this fall. Glad to hear from you!

SARAH (LEIGH) and Tom Kinberg now live in Decatur, Illinois, after two months in Springfield, Illinois, following the "orders" of the FBI for whom Tom works. They should be there 'til this fall. On their way to Illinois they stopped in D.C. and spent the day with PAT HURLEY Pickeral. Heard from SARA PROSTERMAN Brown who was just thrilled at the fact that they were to move back to Virginia (Charlottesville) as of December 30. They had been in Florida. Dwight will be working with Sperry Marine Systems. Nice to hear from you again, Sara.

Still keeping up a very busy schedule of graduate school at Richmond School of Social Work is LYNN McCARTHY. After graduation in

June of 1969, she will return to Kentucky where she has an 18 month commitment at the Department of Child Welfare. PAT POLLOCK McFarland sounds so happy with life in Costa Mesa, California. She is still at Cal State, Long Beach taking classes and hoping to finish her degree a year from June. Ed's business is booming, and he was to open a new office February. Her Lynn is 8 and Rusty is 5. Since Ed is the president of his Kiwanis Club for 1969, they will be heading to Miami Beach in July, then on to Pennsylvania to visit her mother. I was sorry to hear of her father's death in August. They plan to see JOAN POUSO Thomas in Tucson in May for a few days.

PAM (RISTORI) Correll and Bob have moved from Ann Arbor to Long Island where he is flying for Pan American. They found a beautiful 5 bedroom house which keeps her busy, not to mention her three children. Stony Brook is a beautiful little town—the entire downtown is a replica of America in the 1800's, which Pam finds so charming. JANE TOYE Laurson spends her spare hours as an Avon lady in Bennington, Vermont. She loves the fact that she has her own hours...and the samples. Her daughter Karen loves kindergarten, and Laura is at home. CLARA SUE DURDEN Ashley spent Christmas in Columbia, South Carolina, and was due to have her third baby in March. Andy and I were delighted when JEAN (RYAN) Farrell, Frank, and their two boys stopped by Wilmington for lunch and a brief visit in early January on their way back to Rensselaer, New York, from the holidays in Arlington. They all looked marvelous; we made tentative plans to get together again when Frank gets a break in his studies at RPI. She heard from PAT SCOTT Peck, who lives in Miami and has been married 3½ years to an accountant going to law school at night. They have bought a house there.

Much of this news has come from sharing cards with BARBIE UPSON Gravely who has some very special news of her own...they are expecting their second baby in August! Little Meg is 2½ and seems to like my Elaine pretty much. Barbie and Martin made a trip to Richmond last summer and paid a visit to VAUGHAN (HARGROVES) and Walter Scott. ANNA LONN Cushman and Charlie have had a busy, happy year in Rumford, Rhode Island where he is very involved at Rhode Island College. He produced and directed a Greek tragedy in December with his humanities classes—his first attempt with the theatre. They held a cast party at their house and had 25 freshmen with guitars and records, making them both feel young again! Last summer they spent some time at Sebasco where Amy and Christopher were old enough for beaching, boating, etc. Amy is in kindergarten and Christopher is in nursery school. Thanks for so much news, Anna.

A letter from CAROLYN SPELL indicated that she is now married (Mrs. James A. Robertson) and has one son and a child on the way. BUNNY ROGALLO Samuels is also expecting—her third child in June. Bunny is at Quantico. She added the news that BARBARA ANDERSON Lehto has been living in Okinawa for eighteen months with Mike and their three children. NANCY KELLEY Bliss sent word that she and her family have moved to Massachusetts where her husband is the sales representative for

the New England territory for the International Silver Company.

A chemistry conference in Santa Barbara, California provided the excuse for Andy and me to fly west in January-February for a 10 day visit with my sister LINKEY BOOTH Wilhelm and her family in Oceanside, California. One highlight of our stay was an evening in Fallbrook, California with JANIE RILES Wamsley's parents-in-law. They have a lovely Spanish style adobe home in the middle of their avocado ranch and needless to say, we came back loaded down with delicious avocados. We all tried very hard to talk Janie and daughter Annelise (Bill was in Chicago) into coming down from Portland, Oregon, to join us, but being an expectant mother and snowbound, they couldn't come. After we left sunny (and rainy) California, Andy and I headed for 10 days of skiing in Utah, at Alta and Park City. We had a grand time and saw a little of Salt Lake City too. We surely missed Elaine though, who seemed to thrive at my parents' home. Things are getting back to normal now with Elaine getting more and more active every day. Can't believe she'll be a year old in April!

Well, that's about it, I hope. Welcome to our two new class agents, JANIE RILES Wamsley and PHYLLIS PIERCE Schwartz! Keep the news coming.

Connie

Hi All,

I decided to come out of hibernation, so here I am, the Class Agent for you S-Z'ers. Please, please, do drop me a few lines between now and the next issue; otherwise, I won't have any news. This time around the news will be from other classmates.

My roomie, MARY ANN RABY Hannah and husband, Ham, are back in Ann Arbor, Michigan. They are proud new parents of Leigh Kathryn who was born on October 8, 1968. The moment I received the announcement of the adoption I called Mary Ann. I was greeted by a very weary sounding Mother and a rather vocal infant crying in the background. It seemed that the baby arrived a little earlier than anticipated and this found Mary Ann in the middle of exams. So Mary Ann was involved in two full-time roles when you all know that either one of those roles is more than consuming.

Christmas cards brought messages from LINDA GILES Poole and family, who are now living in Lyndhurst. They have a girl and a boy now. I also heard from NANCY WRIGHT Wright and family. Grant and Nancy and their two handsome sons are living in Falls Church in a new home.

Ever since we have lived in New York I have always expected to bump into someone from MWC. Not too long ago I did exactly that. BOBBIE BROOKES and I met in the hallway of my apartment building. She was visiting friends across the hall and the doorman rang my apartment by mistake. She looked great and had just returned from California where she had been visiting the gals from Madison's first floor and their families. I'm afraid that I didn't retain any of the news. Little did I know I'd be doing this!

While I was visiting my family in Virginia in September I saw LYNN McCARTHY at the Red-skin's game. She's very busy traveling back and forth from Norfolk to Richmond, taking courses in Richmond and working in Norfolk. She gave

me the very tragic news that PATSY FRANCIS had died. We all extend our deepest sympathies to her family and friends.

Just to fill you in briefly on our life—Rich and I met in Germany. He was in the Army and I became Mrs. Richard David Schwartz in 1964. We've lived in "Fun City" most of this time. Rich is president of a knitting company in New Jersey and works out of New York and New Jersey. I'm busily engaged in being a mother with Brad, who was born in June, 1967, and with another addition planned for the end of April. We love the city but are beginning to desire some grass under our feet.

Before closing, I do want to mention one of the most enjoyable benefits of being a class agent. Much to my surprise I receive regular copies of the BULLET. I only wish there were some way that all of you could benefit from this. I was quite excited by the verve and controversy voiced therein. Of course there have been many changes which are exciting but the campus ferment and the issues being discussed made for very interesting and informative reading. If any of you can find a way to purchase a copy, I can tell you it would be more than worth your effort.

Each time I close, I'm going to mention a few of you who have not been heard from in a while, if ever! Maybe you'll drop a line to me and help me fill in some spaces. So—where are you and what's happening to CAROL TURNER Daniels, JANE TOYE Lawson, JEANNE THORNHILL, LYNNE WILLIAMS, JUDY YOUNGMAN, and KAY SLAUGHTER McNett?????

Phyllis

#### GREETINGS FROM THE NORTHWEST!

After seven years of vagabonding from the Mojave Desert, to Suriname jungles and through the cornfields of Illinois, Bill and I have settled in a beautiful spot—Portland, Oregon. We look forward to the prospect of bringing up our family (Annelise, now two, and a baby brother? due at the end of March) in this healthy atmosphere. Even though I'm a bit remote from the Fredericksburg sphere of activity, I jumped at the chance to write for our class in hopes that I can renew contacts with many of you. As far as I know, I'm the only MWC graduate in this part of the U.S. so I'm really depending on you, girls, to send me some information for a real newsy column. Connie has assigned me specifically to those of you whose maiden names begin with A—F. So, I'll be waiting to hear from you....

I recently received a newspaper article from the Fort Lauderdale *Daily News* which was a feature story on MARY THOM White who started out with us at Mary Washington and later transferred to the University of North Carolina. Mary Thom is married to the newly-appointed Lt. Governor of Florida, and it sounds as though she has a very exciting and glamorous life ahead of her.

The ALUMNAE NEWS has no doubt meant as much to you all as it has to me, while time has separated us from our special memories together. We are all interested in YOU so please send a postcard and tell me where you are and what you are up to! Send it to: Jane Riles Wamsley, 2315 S.W. 84th Avenue, Portland, Oregon 97225.

A March letter from MARILYN DANIELLE SIMMS Daniels indicated that Mark was to return from Vietnam in April. Dannelle's plans included visits with GINNY BROWN Rummonds '62 and

JUDY LaROE Hare before meeting Mark in San Francisco. Then back to Albuquerque and on to Luke Air Force Base in Phoenix for their next tour of duty!

RUBY LEE HODGES Holcomb and her family have moved to Oxon Hill, Maryland (from Connecticut) now that Curt has been assigned to the Pentagon for two years.

We had a long, newsy letter from LINDA ROBERTZ Knebel and decided to print it all.

"By January 15, 1969, we expect to be in our new home in Orinda, California. We hate to leave San Francisco but are feeling the need for more room. If Bart ever gets finished the commute will be a breeze. It will take us approximately thirty minutes which is not much longer than it takes us now living right in the city.

"Between baby and Christmas I've been in touch with quite a few classmates recently. I received nice messages from GINNY BROWN Rummonds and EMILY RIKER Seaver when Lauren was born. MARCIA KIRSTEIN Fitzmaurice is living in Dallas while her husband Ed flies for Braniff and attends SMU Law School. NONIE GETCHELL Estes' husband Bob is back from Vietnam. She sent along a picture of her two cute little girls. DOTTIE BROWN Evans wrote from their new base in Connecticut to say that they were giving her husband Tom a St. Bernard for Christmas. Merry Christmas, Tom! Received a newsy letter from VEE SEVERS. The news included a new son, a new house and a new M.D. Congratulations to Hugh!

"MARCIA KIRSTEIN Fitzmaurice wrote that she and Ed had a short visit last summer — between planes — from KAYDEE ERDREICH Bornstein '64. She and Steve also live in a San Francisco suburb. She also said that MARILYN SCHULMAN Rafal is living in Norfolk where Ed is a practicing attorney. SHEILA COOPER is still enjoying the glamorous life on Manhattan's East Side. KATHY CROTHERS Terrell is married to a doctor and lives on a real ranch in Stephenville, Texas. KAREN SCRUGGS Vaughn is living in Lynchburg where she teaches sixth grade and her husband, Richard, is Director of Instruction. He received his D.Ed. from U. Va. in August, 1968. Her sister LANGHORNE SCRUGGS is making television commercials in New York. She has been in Kansas City, Milwaukee and Orlando making industrial films."

Much news this time, due to the nice Christmas cards and many letters I received.

TERRY PRACHT Cupp and husband Denny have two daughters—Maria, age 4, and Denise, age 2. While Denny was in the Air Force, they were stationed in Fort Walton, Florida, where Terry saw MAGGIE WALKER and her former suitemate MARY ANN GUNN Burdge. Mary

Ann's husband, Lanny, works (as a civilian) at Eglin, A.F.B., and they have two sons, Brett, age 4 and Jeff, age 2. Terry said Mary likes Florida, but misses ole Virginia. Terry's other suitemate, MARY JUNE DAVIS Dalton and husband Phil live in Richmond and have a son 18 months old. When Terry and Denny returned to Northern Virginia for Denny to work for A.T. and T., Terry worked for the Atomic Energy Commission in D.C. She came in contact with FRANCES POWELL who works there too. Now Terry says she has "retired" to raise her family.

Other news she reported: MARY LOU YOUNG has been teaching overseas in Okinawa and Germany, but this year is teaching in the Northern Virginia area. LINDA JOHNSON married Jerry Hopkins and is in Northern Virginia also. STEVA JENNA Kellenberger and husband William have two boys and a girl and live in Huntington, Alabama. Her husband just returned from Vietnam. Thank you for your newsy and friendly letter, Terry.

PEGGY HOBART Mailler is staying in Davenport Iowa, while hubby Dave is in Vietnam. Peg is taking care of son Lee, age 5 years old, and is awaiting the birth of another child around the first of March. Peggy had Bill and MARILYN ATKINSON Kovach visit with her on their way to California. Marilyn is teaching in Columbus, Ohio, while Bill is working on his Ph.D. Peggy said she talked to Barbara Sutton Parkes who is teaching nursery school in West Point, Virginia. BARBARA HOUSER Scott has a second son, born last year.

Dave and MARY LOTT Haglund are in Houston, Texas where Dave is working for Shell Oil Company, and Mary spends time substituting or doing volunteer work. On their way south, Mary and Dave stopped in to see Eddie and JOAN AKERS Rothgeb in Shipman, Virginia. Eddie is with the school system, and Joan is taking care of their new son, Lee.

SALLIE SHROPSHIRE Mehalek writes from New Mexico where her husband is a photographer for the State of New Mexico; she plans to open a craft shop in the spring. Sallie has two sons, Stephen, age 6 and Virgil, age 2. The Mehaleks love Santa Fe and plan to settle there permanently.

NANCY HEFFERAN Mallon has resigned her job with the Baltimore Social Security Office to be a "full-time" mom for little Meg.

KATHLEEN SPRENKLE Lisagor sent a picture of her two adorable children, Amy, age 3 and Matthew, age 1. Both children favor their mother. I enjoyed seeing DEANNE LOHRMAN McNeil's children, Scottie, age 4 and Kathy, age 2. EMILY RIKER Seaver says SUZY (ELEANOR) BOOTH (sorry Suzy, I do not know your married name) expects number 2 around Christmas.

KATHY CLARK Wary has moved to Pacifica, California for at least 2 years, while her husband Dick is with a soil engineering firm. Kathy's two sons Dave and Dan, ages 4 and 3 keep her quite busy. (Incidentally the boys look enough alike to be twins, although they are 15 months apart). Kathy says BETH SHAILU Lancroft moved from Florida, where her husband finished school, to Connecticut. Kathy's roommate, NANCY POWELL Sykes expects her first child the first of April.

I was glad to hear from CAROLYN SHULZ

Davidson. She married a Marine, Douglas Davidson and has two children, a four year old son and a year old daughter. They have had tours in California, North Carolina, and are now headed back to Quantico, where Douglas goes to Amphibious Warfare School. "Shultzic" said in her travels, she saw JOY MILLS who now has two daughters. Carolyn reports she and CAROL SHIFLET Hansen have kept in close contact these years. Carol and her husband Chris Hansen have two boys and live in Lynchburg, Virginia. Chris is training to be a stockbroker in the duPont firm, and Carol is anxious to contact any MWC girls in the area.

After teaching four and one-half years, MARY ELIZABETH BRADLES Kehol is married and has a year old son. Her husband works for Corning Glass, and they have bought a home in Kernstown, a suburb of Winchester, Virginia, and spend extra time fixing their home. Mary Liz reports JUDY ENROUGHTY Cook is living in Raleigh, North Carolina, while her husband is working on his masters. Judy has a three year old son. Mary Liz talked to MARY CHAMBERS HODNETT Minozzi, who is teaching in Richmond. Thank you for writing, Mary Liz.

I was saddened to hear of the death of ANN HELVIG Gordon's husband last January (1968) in a car accident. Ann and her two sons have moved from their home in Sledge, Mississippi and are now living with her parents in Alexandria, Virginia.

As for myself, I am quite busy taking care of our three children, who are really growing and such complete delights. We bought a lot and hopefully plan to build this spring.

Thank you again for writing all the news. It is really a joy to hear from and about you, your jobs, and families.

Let's keep in contact. Until next time, write,  
Pat

Greetings from the land of snow and more snow. Will spring ever come? Christmas brought some greetings and good news from our classmates. MATILDA VICKERY Kromminga wrote that her husband, Lynn, passed the Maryland Bar after going to law school at night. Mandy has a little girl, April, who is a year now. SYLVIA PUCKETTE Adkins writes of the coming of a second child in May. She and John expected to be living in the Washington area as of last December. MARY ROBINSON Strode and Tom (Becky's brother) are still living in Richmond and are delighted with their second daughter; their first, Beth, is five now. MARIANNE WALKER Bonney and Wayne's girls are 4 and 5 now. Wayne's work takes him all over the country while Marianne warms the roost in Fairfax. This

news finds my family fine. Alan is very busy with his law practice and is now dabbling in the hardware business, too. Our son, Jonathan will be 5 in June and is busy with nursery school and protecting himself from Amy who was a year old in April and into everything.

LANI ST. JOHN Rakow reports that she and the family will be leaving Quantico in June to wait out a thirteen month separation from Bill, who goes to Vietnam for his second tour. Lani and the children will stay in California.

Tom and LUANNE HALNAN Parsons are still working on their advanced degrees. Both expect to complete their master's work (she in American studies at G.W.U. and he in management technology at A.U.) in June, 1970. Young Timothy, almost two, is full of pep and keeps them busy. Luanne said that they spent a weekend with BARBARA GRANT Fox and family in Richmond. Craig and LINDA WOOD Cranston have purchased a home in Chevy Chase, Maryland.

EDNA and ETHEL ARMSTRONG played in the international hockey tournament held at Mary Washington in October. Both made the southeast all-star team and Ethel made right wing on the United States reserve team. They opened their own interior design shop, "Armstrong Interiors," in Georgetown about the 1st of January.

I'd love to have some more news from everyone for our next letter, so do take a minute out to let us know what you are doing.

Connie

Hi and a Happy Spring to all of you!

Had a nice letter from CATHY MATTHEWS Gillespie way back in December. Husband Bob is teaching and coaching football and lacrosse in Virginia. Baby John is two now. Cathy hears from CAROL VAN NESS Clapp who is still in Ashland, Massachusetts, with Dick and daughter, Dede, 20 months. Last August Cathy visited BECKY RYAN Dunkenberger and her two children, Tom and Beth. Becky was expecting again in January.

My long yearly letter from LINKEY BOOTH Wilhelm was full of news. Linkey is going to be one of our class agents and she and SUE RUTAN Joehnk are starting an alumnae chapter in the San Diego area. Always busy! They had a meeting with interested MWC girls during the winter, among them being BETSY LYDLE who is home again after teaching for a year in Germany. She returned to Europe to ski during Christmas vacation. Betsy saw JO DREHER Gibson and Ralph in D.C. last summer. Jo has three children now. She also visited with JANE and BECKY STINETT in Washington. Glad to hear that DING MOYER Schwarz and Gene have a son about 9 months old. They are living in Groton, Connecticut, where Gene is C.O. of Marine Barracks at the sub base. JEANNE CHABOT Wallis and Wally moved into their new house which they had built in Fairfax County. Wally is a pilot for Eastern. Jeanne passed on the news of BARBARA "BROWNIE" BROWN'S marriage in November, '67. Details, Brownie? SUE RUTAN Joehnk sees SUE RING Keith occasionally—Sue has two boys. MARY A. SETTLE is in Chantilly, Virginia where she is teaching. Thanks, Linkey.

MARY LEE TATE Roberts and Pete were expecting their first child the beginning of February. They moved into their new home in the Detroit area on December 6.

Christmas cards brought some news. Had a long note on a card from ROSIE BORKE ('61) whom I visited on my way home from the reunion last May. She was hoping to go to Puerto Rico on a business trip the beginning of the year. CAROL BROWN Matthews was sorry to have missed the reunion. She sees MARY LOUISA WELLS Pollard when in D.C. and last May visited BETTY STEHMEIER Debnam and BETSY LOVING Robbins on her way to Florida. JEWEL WEST Norman was expecting her second child in February. BARBARA YANCEY Williamson says James keeps busy at G.E.'s Communications Products plant in Cincinnati. She sent a beautiful picture of their boys. The Williamsons visited SALLIE (GRANGER) and Tom Daughtrey in the fall right after they had moved into their new home in Waynesboro. Sallie writes that JULIE BURCH Southall is expecting her first in April. Let me hear from you, Julie.

I was really surprised to receive a long letter from MARY LAMB BOND Lucas ('64), my suitemate from junior year. She and Joe are living in Richmond where he is employed by Walter Craigie and Company, a bond brokerage firm. Mary Lamb keeps hopping taking care of a 2½ year old boy, Trip, and twin girls, Kate and Marshall.

LINDA VOGT Musselman writes that she received a phone call from ANN WALLACE in January. Ann is working for FDIC (Federal Deposit Insurance Corporation) in D.C. She spent last year in Europe, now lives in D.C. near KITTY SHANNON.

Bob and I are thoroughly enjoying Tupelo and our new little daughter, born just two and a half weeks after we moved here. She was very considerate, arriving just in time for me to go home from the hospital on Christmas Eve. Elizabeth, then 3, was thrilled with her "baby from Santa Claus."

Barbara ("B")

Greetings from sunny California! I had already sent most of my news to "B" PRALL Granger before volunteering as a class agent so I'll try not to duplicate here.

Through our newly formed alumnae chapter here in Southern California I have seen SUSAN RUTAN Joehnk, BETSY LYDLE and CATHY FOSTER Wilde. Susan and Karsten have a lovely home in La Jolla, California, and two darling boys, Christopher, now 3 and Michael, 8 months. Betsy got homesick for San Diego and returned early from her teaching job in Germany. She did do quite a bit of travelling while in Europe. Cathy and Harold now live in Mission Viejo, California. Cathy resigned her teaching position in January to prepare for her first baby, due in March. She informed me that "TABBY" deBUTTS Cain is now located in Winnetka, Illinois and has one daughter, Dulany. Cathy also keeps in touch with POLLY ROESGEN Veeder who lives in Carmichael, California, and has two girls. JUDY WOLFE Allen '62 is another active member of the alumnae chapter here. Jack is flying for PSA while Judy teaches physical education at La Jolla High School. SUE LUKEHARDT Hallden '62 expects to join our group from Canoga Park, California, as does ETHEL THOMAS Sanford who lives in Long Beach, California. SUE RING Keith and her two boys return to Coronado, California, periodically when her Navy husband goes to sea.

BARBARA SCHERBERGER Offerman, Bob, and Steven (age 2) are making Santa Barbara, California, their home. Bob is an orthopedic surgeon. Barbie reports that MAUREEN "MO" LYON is still working in San Francisco. JEANNE CHABOT Wallis writes that she and Wally bought a home in Fairfax and are glad to be back in the D.C. area. Wally still flies for Eastern. They are expecting their third in June. Tommy is now 6 and Bobby is 5. KAREN VANDEVANTER Chapman keeps busy in Holden, Massachusetts, looking for New England antiques and chasing after 2 year old Kirsten. Karen and Kurt raised the "blue flag" on February 11 with the arrival of Paul Elliott. The Chapmans drove to Groton, Connecticut, last Fall to visit Gene and ROSALIE "DING" MOYER Schwarz and met little Andy, born August 16. Karen also sees CAROL VanNESS Clapp frequently.

I received a newsy letter from MARY A. SETTLE who is the school librarian at Brookfield Elementary School in Chantilly. She spends most of her working hours in the new Demonstration Media Center which is one of nine such experimental centers in Virginia. The center is equipped with the latest audio-visual aids as well as other modern equipment designed to enhance all types of learning. It sounds fascinating and Mary A. says it's quite a challenge. She had heard from PEGGY PERKINS Hartman who is back in college at night and does substitute teaching. Bob and Peggy live in Portsmouth and have a son and daughter.

I was so sorry to learn of the death of Mrs. Castle, wife of our class sponsor, Dr. William A. Castle, on October 29. I'm sure all of you join me in extending deepest sympathy to him.

As for the Wilhelms, we are planning a visit to the East Coast in April and hope to see lots of friends and some MWC classmates. Our big event last year was the birth of Mark Robert. Tracy is now a busy 3 year old. I do hope that some of you "lost" classmates will get back in touch. Let's all try to make '69 a "newsy" year—do let us hear from you.

Unfortunately we have only a couple of notes from classmates. Please, the rest of you, let us know what you're doing!

LINDA BUSH Simpson and her husband, Bob, are living in Roanoke. They traveled in Italy, Switzerland, Germany and France during the summer of 1967. David is now a romping toddler. Linda adds that KAY PANSELL Galla-

gher has moved to Richmond. She also advised us that DONNA GLASPEY Waters '64 and MARGARET McGAVOCK Kidd '62 are living in Roanoke.

LINDA HOPKINS Lapin writes that she taught for three years in Virginia Beach where she met her husband, Ken. They now live in Yonkers, New York; he works as a loan administrator for Wechsler Coffee Company.

News from LINDA READING Pullen: She sees LINDA JONES Peterson and Fred quite often. He is studying for his doctorate at Princeton, and she is working for the University. CAROL MAJOR Smith and Ben visited in February. They are expecting their first child in August. JUDY BAILEY Gevens and Gary are residing in Boulder, Colorado, while he works on his master's and she teaches. ELLEN DUSCHOCK visited with the Pullens. She still resides in Perth Amboy but hopes to live in Charlottesville this summer.

That's all there is this time. Please, please let us hear from you.

Dear Gals,

Had a lovely note from MARY MONTENECOURT Goodfellow and husband Chuck announcing the arrival of their first born. Chuck and Mary just purchased a new home in Westfield, New Jersey, and a new car. It's been quite a year for the Goodfellows.

Mary reports that my long-lost roommate, PATTY BOYETTE, is living in New York City in the same apartment building with Joe Namath. Patty and DODO FISHER ('68) are both working for IBM and enjoying the "fun city".

MURRAY ROBERTS Graff, one of the more faithful correspondents, and husband Art are back in Pensacola, now that Art is home from Vietnam. They have purchased a new home, although Art hopes to end his service with the Marine Corps in July of 1970. Murray sent a picture of eighteen month-old Jay, an adorable little boy.

Murray and Art had a chance to visit MARTHA FIREBAUGH Hurst and Gene during the summer. Marfy has quit teaching as a little Hurst is expected before this issue goes to press.

MARY PARSONS Black ('66) and Ron are out of the Marine Corps and living in Virginia Beach, where Ron is working for the Lendman Association. Other news of '66'ers: LINDA SPANGLER Berkheimer and Phil have moved from Richmond to Baltimore where the new daddy has become a stock broker. Linda worked in a bank in Richmond during the summer. Saw SALLY SOUDER this summer. She looks great and still loves teaching. MARILYN WOOD Hunter is expecting number two some time in the spring. She and Tracy have purchased a new home in Richmond.

Back to the class of '65. ALICE FUNKHOUSER Flowers has been selected to direct the Charlottesville Community Children's Theater production of "The Elves and the Shoemaker." to be presented this spring. Alice is a masters candidate in drama from the University of Virginia, but is currently devoting most of her time to husband George and 18-month-old Jim.

PAM CUTHRELL Kloeppel has been teaching here in Albemarle County, while husband Pete is finishing law school. Pam received her Masters in Guidance from the University and is currently working on her doctorate in addition to her teaching and guidance counselling responsibilities in the junior high. MARTHA CROWN and SUZANNE MASON are both here in Charlottesville working on Masters in Education.

KATHY KIMBELL Smith and Fred are now in Arlington, Massachusetts. Fred is going to Harvard Law School, and Kathy is working for a Professor of physics and taking lit courses.

PAT HARTMAN Brownlee has settled in Thousand Oaks, California, after getting married to John in March, 1967, and spending the last eighteen months moving around California. John is a former Marine and currently a sales representative for Beckman Instruments, a company manufacturing highly technical instruments for scientific research. Pat has completed her teaching requirements for California and handles a combination second and third grade in the Conejo Valley, forty miles west of L.A. Pat and John love sunny Cal., but spent the Christmas holidays on the ski slopes. She would love company if anyone is out her way. (805 497-1178, or 2117 Ruskin Ave.)

LAURIE RIDDELL Geary has moved to Rhode Island where Steve is an intern at RI Hospital. Laurie is teaching Spanish and Scott goes to nursery school. Beginning in July, husband Steve enters the Navy for a three-year hitch and destination unknown.

Chris Hartz has completed a year of graduate work at the University of Arkansas, and JANE BURRUSS Hartz has become a mother. Chris and Jane are living in Stuttgart, Ark., where Chris is working for the Hartz Seed co.

ANN MOSER Garner's husband, Clarence, has received his Bachelor of Commerce degree from the U of Richmond and is now working in a CPA firm as a senior accountant. Clarence will take the CPA exam in the near future. Ann is working at Psychological Consultants, Inc., as office coordinator and executive secretary. She sends love from Mrs. G., who retired from MWC last June.

Another new mother is LEE SMITH Musgrave. Lisa Ryan, arrived two weeks early. Lee says she has a headfull of black hair and blue eyes. Lee is in temporary retirement from teaching duties.

but will start again when Dick enters school to work on his Ph.D.

ABBY DONALD Tiller and George have a new son. The Tillers are living in McLean, where Abby is teaching in a junior high. Also living in McLean are MARGARET MAHON Goldman and husband, Lewis. The Goldman's were married last June, and Margaret is now a buyer for Jelleff's in D.C.

News from the '64 crowd: LINDA READING Pullen and Barry were expecting their first early in March. They have moved from Camden, South Carolina, back to Yankeeland. Bar is working for an engineering consultant firm. ANNE LIADY was married in late March to Bob Lynch, a lawyer working for the Justice Department in Washington, D.C. Anne has a top-level exec job with the four C & P Telephone Companies, and Bob is working on his doctorate during his few leisure moments. JUDY BAILEY Givens and Gary love Colorado where Gary is working toward a masters in city planning. Judy is teaching and working on her masters thesis toward a degree in government from William and Mary.

MARY HOUSTON Nixon writes that she and her husband have moved to Falls Church; both are employed on the technical staff at the Mitre Corporation in McLean. Congratulations to Mary, who received her M.S. in mathematics from Stevens Institute of Technology at the end of January. BARBARA FORD Ritchie is teaching at the American Cooperative School in Tunis (Tunisia) but may return to the States later this year.

John is busy with his graduate work in business, and I am exhausted from trying to manage 8th and 9th graders all day. It's a hectic day for someone who's not getting any younger. That's it for now...and drop me a line.

Best to all, Penny

A little news from '66'ers this time. Won't the rest of you let us hear from you?

SHIRLEY DULANEY Gearheart writes that her husband will receive his baccalaureate degree from Concord College (W. Va.) in June. Shirley has been teaching mathematics and physics in Bluefield, Virginia for two years. She has received an N.S.F. grant to do graduate work in mathematics at the University of South Carolina next year. She sent news of two classmates: MAUREEN JAGOE Drumheller has moved into a new home in Waynesboro; and MARTY SPIGEL Riedlinger is working for Dupont in Newark, Delaware while Roy works on his doctorate in math.

Congratulations to MARGARET HANING Mecredy who received her master's degree in biometry in June, 1968 at Case-Western Reserve University. She and Bob live in Ann Arbor, Michigan, where he is doing graduate work in nuclear engineering. Margaret is working as a research assistant for the Commission on Professional and Hospital Activities.

LENORE GILBERT Bowne sent lots of news. WENDY HUETER has been working in Paris. (She translates scientific documents) since March, 1968. PAMELA WALD Wagner and her husband, Jack, are living in Kensington, Maryland. CAROLYN CHRISTIAN Manlove was at Pam's wedding last summer and indicated that her little girl keeps her busy. MARIE MOFER is still working at Dahlgren. BUNNY BLACK is employed as a secretary in D.C. and dances with a ballet company in her spare hours. New Orleans is where MARLENE ALTIZER '65 is located now. She's doing graduate study in social work at L.S.U. When last heard from, MARTHA ANN CROWN '65 was in Charlottesville doing graduate work. Let us hear from you! SUSAN DAVIDSON '67 received her M.S. in Library Science from Drexel Institute of Technology last June.

Just a short note from MARY KATHRYN ROWELL Horner to advise us of her marriage. Charlie left for Vietnam in March. Mary Kathryn is continuing her work as a systems engineer for IBM in Richmond.

KATHY GODDARD Moss writes that she and Tom have finally "settled" in their N.Y. apt. Tom is teaching at Columbia and doing research in physics for IBM. Kathy works for a foundation which raises money for a university in Tokyo. She says, "Our favorite pastime is getting away from the noise of the city for hiking and camping." Kathy sent word on some others. EILEEN (GODDARD) and John Albrigs are living in Syracuse while he attends medical school and she teaches second grade. BOBBI BISHOP Mann's husband is still in Vietnam. GERRY SARGENT Habas and her husband live near Boston. Bobbi and Gerry were both at Eileen's wedding.

It was mini-reunion time at Christmas for RYAN STEWART Davis, KATHY FLOWER Flattery and GINNY BATEMAN Hewitt, who visited at Kathy's home in Alexandria! Kathy and Ryan are teaching. Ginny works as a computer programmer for the mathematics department at the University of New Hampshire.

Ginny added news of several more MWC gals. DEE DEE NOTHINGHAM ('67) Ward, husband Nat and son Quint have moved to Norfolk. BARBARA MARRE '67 vacationed in Mexico recently. NANCY ALFORD Hernandez and Dan are living in San Clemente, Calif. BRENDA (LAY) and Fred Crowley were moving to the D.C. area in January. You may remember ELAINE GERLACH Good, who transferred from MWC after her sophomore year. She and Ron now have three children; the Good family resides in Lancaster, Pa.

Our last letter was from BARBARA CLARK Brownman. She told us a little about her husband: Michael hails from Georgetown, Guyana and is presently working on his Ph.D. in soil chemistry at the University of Wisconsin. Meanwhile Barbara is teaching political science at Wisconsin State University in Platteville.

MARY LEE ROWE is working at the Children's Hospital Medical Center in Boston as a neuro-psychology technician. She sees SUSAN GREENE '67, who is employed at Beth Israel Hospital.

Hello '67 grads! It's time for me to get back in touch with the A-C girls; so please drop me a line and let me know how things are going. Skeet and I are settled in Chapel Hill where he is enjoying his work in the Master of Business Administration Program at UNC. I am teaching fifth grade in Durham County with a faculty of mostly student wives.

BRUCE CASSELL Ellet's husband Hill, graduated from Air Force Flight School in October, and they are now stationed at Warner Robins Air Force Base in Macon, Georgia. According to Bruce, "Air Force life is great!"

I recently received a very newsy letter from MARY MCDOWELL Blanchard. MARY ANN HUTCHERSON is in New York working for a Broadway producer. She reported that JANE HERNANDEZ returned in Sept., 1968, after studying at the University of Madrid since Feb., 1968. While in Europe she was a governess in Paris and sold magazines in the French provinces. Jane is now working as assistant to a film editor in New York.

MARY MCDOWELL Blanchard is living in Richmond teaching the third grade at R. C. Longan Elementary School in Henrico County. She is living with MARY LOU MURPHEY who is employed with the Life Insurance Company of Virginia as a stock analyst.

My former roommate, MARCY JORDAN, is at UNC working toward a master's degree in library science. MARY JONES is in the same program here at UNC.

CONNIE BURKHART Goggin is teaching the first grade in Lynchburg; her husband, Rodney, is teaching and coaching at Virginia Episcopal School. They are also studying for their M.Ed. Working and studying is keeping the Goggins pretty busy.

I'm looking forward to hearing from some Mary Washington girls. We are all anxious to hear about the jobs, weddings, and families that have developed since June '67. Please drop me a line, particularly A-C girls.

Betty

Another year!! Hard to believe it's almost 2 years since graduation! Chuck and I are still in Richmond. On Nov. 12, 1968, we were blessed with a son, Charles W. Shewbridge, IV, alias "Chip". He's a dear, but he surely keeps us busy.

PEGGY FORD Poe is unable to continue as a class agent and she has asked me to take over for her. She is teaching math to sixth graders; both she and Dod are enjoying their life in the Air Force. Peggy tells me that SUSAN SAFRAN has gone to Los Angeles with a roommate.

I received a wonderful Christmas card and letter from JOAN MCKENNA Patterson. The Air Force sent Michael to Japan and Joan joined him in June, 1968. She says the language is quite baffling, but they are enjoying their stay in, would you believe, a paddy house!

SUSAN BRIGHT '68 works as a programmer with me at Life of Va. Insurance Co. She became engaged Christmas Eve to Jay Reese Voshell from Randolph-Macon and plans to be married in June, 1969.

In order to get my card file up-to-date, I am sending out a letter at the beginning of March asking '67 D-G graduates to fill out a card and return it to me. If you do not receive such a letter and card, it is probably because I have the wrong address. Please, when you move or marry, notify the Alumnae Association. It's the only way we can keep up with you. And send news!! We all want to know how you're doing!

Meanwhile, take care and, most important, have a great 1969.

Barbara

News from FRAN COOK, whom you might call "our girl in Paris." As you may know, Fran is working with the peace delegation there. What you may not know is that her picture appeared in the March issue of *Holiday*. That's what I call getting around! At any rate, she told us that SANDY AMBROSE had dropped by on her summer vacation from school in Beirut. AIDA ARNOLD visited on her way around the world. JEAN HAGUE, CAROLYN MONCURE and Fran seem to be enjoying life abroad.

We are a well-travelled group! A long letter arrived at Christmas from PATTI MARIL LA Reider. Much to my surprise, I was also blessed with a short visit from her in January. She and Franklin are still with the Peace Corps in Brazil. I wish you could read her letter, which really "brings home" what life is like in Brazil. The Reiders hope to return to the States in late 1969.

A letter to the alumnae office from SUSAN BROWN Dell brought news of herself and others. Susan's husband, Harry, is an associate professor at the University of Michigan. She has seen BECKY ROSS Dechow, whose husband is a graduate student there. PATSY GRUBBS Farmer and Bernie are living in Manassas where she is teaching English and coaching the debate club. MARCIA CURY Whited is teaching in Charlottesville while Robert finishes med school. CAM WARE is doing graduate work in bio-chemistry at Case Western Reserve in Cleveland. After doing summer graduate work at the University of Hawaii, DIXIE KOPFLER is teaching in California. VIVIAN CRATE Gray and Bill are living in Springfield; Bill is stationed at Quantico again. MAGGIE KNIGHT Venable and Chris have moved to a new apartment in Richmond. Maggie is editing a paper for Phillip

Morris. Susan also added news of one '66'er: SANDY PEARSON has begun graduate work in art at Virginia Commonwealth University in Richmond.

If you're in the area of Shenandoah National Park, look up CARY PAGE Jones at the Big Meadows Visitor Center. Cary is working as a park naturalist. Sounds like interesting work.

The last bit of news comes from BETSY DEADY who is employed as a research assistant with a health association in Washington. She advised us that PAM (GERHOLD) and Bert Watson are living in a suburb of Baltimore. Betsy received a note from CAROLE BEALL Michel. She and John are now in Bloomington, Indiana, where he is working on an advanced degree at Indiana University.

A letter from JANE HERNANDEZ repeated news about the Paris crew but also added some new information. It seems that Jane is working for a small film production company as the assistant film editor. She mentioned that MARY ANN HUTCHERSON is working as an assistant to a Broadway producer and has the lead in an off-Broadway production of Agatha Christie's "The Mousetrap." LINDA SHERMAN is serving as an assistant buyer for Bonwit Teller in New York.

Phil and CLARANELL WAMPLER Branner are at Fort Leonard Wood, Missouri. Claranell is teaching English at the local high school.

Terry and MARCIA HILEMAN Clark visited his family in Phoenix, Arizona, and hers in Cleveland, Ohio, during a long Thanksgiving holiday. Marcia is teaching in Fairfax County, and Terry is now in Vietnam.

I fear that by adding these notes, I risk becoming the class agent! Please, I have enough to do! But, seriously, do let us hear from you, and if you're ever coming this way, stop at Spotswood Alumnae House to chat. The coffee pot is always on, and I'll be glad to give you what news I know in person.

Ann

## Homecoming Theme

The theme for the 1969 Alumnae Homecoming (June 6-8) will be an "Arts Week-end" and will give those returning an intimate look at some facets of the Arts at Mary Washington College.

A variety of special attractions and events have been planned to make this both an entertaining and educational visit.

For registration information and details concerning Homecoming '69 see page 33 in this edition.

Can't believe it's almost springtime and here I am again. Do have quite a bit of news and this time managed not to lose any of the letters. Thanks for having faith in my ability to hold on to your news.

Got a card from MARCIA MARTIN. She's in Fredericksburg teaching the third grade at Stafford Elementary and I quote, "They're monsters, but I love them."

SUSAN JACOB Harris wrote me a nice long newsy letter. Her husband, Reverend Lawrence Reed Harris, was called to be the rector of St. Matthew's Episcopal Church in Hyattsville, Maryland, and from the sound of it Susan is having a busy time of it.

MEG LIVINGSTON Asensio writes from San Clemente, Calif. She asks that any Mary Washington grads in the area please get in touch. She and Ash were married on January 4, at the Treasure Island Naval Chapel in San Francisco. JANICE BRYANT flew out for the wedding. Jan's working in Washington.

MARY MARGARET MARSTON stopped by the other day. She's teaching in Garrisonville and plans to move north to Fairfax County this summer.

CHRISTIAN PARRISH wrote me a long letter. She seems to be enjoying her work at the University graduate school in math. She writes that CATHY TYNG is teaching in Fluvanna County while waiting for NSA to call her to Fort Meade.

DONNA SHEEHAN and I met LAWSON STILLMAN Greenwood in Fredericksburg a few weeks ago for dinner.

JUDY JACKSON called a few weeks ago. She's teaching in Chesterfield County. She came up to visit MAUREEN MURPHY who's living in Alexandria.

SALLY MONROE Fox gave us a ring. She's working for Princeton University and seems to really be enjoying it.

MARY JO TATUM Larkin is in Richmond. She's teaching the sixth grade in Chesterfield County.

Guess that is about all for this time. Please write and let me know how you're doing; if you are in the Washington area give us a ring.

Much love,  
Lynn

A letter from JANE BRADLEY at The 1101 Club (her apartment) brought some delightful news. In February she became a sister-in-law to none other than PAM TOPPIN.

In spring, an MWC graduate's thoughts—yes, of course—turn once again to marriage. JANE HARRISON and that good-looking Mike Garriott of hers have officially set the big date—June 21st. And BONNIE KELLEY has also been talking about becoming a June bride. How wonderful for both of you!

There is one who is still resisting any matrimonial temptations—PAULA TAYLOR. She was accepted into a stewardess training program in February and left the barren hills of Charlottesville for sunny Miami Springs where she spent six weeks getting what I call a real liberal education. Her course of study included everything from Personal Beauty to Emergency Training, Bartending and the Culinary Arts. By the time this column reaches you, she should be flying "...the friendly skies..."

LAWSON STILLMAN Greenwood has a lovely apartment at Franklin Towers in Richmond, now. Since Jerry left for Vietnam in December, she has been working with a doctor at Medical College of Virginia in cancer research. At this time, they expect a major breakthrough in their research to come about December, 1969. If so, it will be a doubly exciting month for Lawson—Jerry will be home the 12th. Right now, however, she is thinking in terms of Jerry, RR and Hawaii during the summer.

At last word from SUZY BIBB Johann, she was still combing the streets of Indian Harbour Beach, Florida, in her Austin-Healy with trusty dog, Otis, in search of employment!

That's about all the news I have for you this time. Please keep in touch—and have a wonderful summer.

Pat

Lots more news for the '68'ers!

HELEN SULLIVAN Lovelace sent a short note. She was teaching English in Savannah and Bob was working as an insurance adjuster until February 17, when he began basic training at Lackland A.F.B. in Texas. "Uncle Sam" has taken over for 4 years!

SUSAN MORRIS Leflar and Jim are on the move—"—to Pensacola, Corpus Christi and one other place during 1969! She told us that BOBBIE MCCARTNEY is taking courses in Grenoble, France. SHERRY BROWN is with Union Carbide in Tarrytown, N.Y. The Bureau of Mines has claimed ANGELA CUMMINGS; and BEV COX is teaching in Fairfax County.

DEBBIE DERR sent news "to quench my thirsting class agent." Sounds just like her! Debbie reports that she is presently beginning work on her M.F.A. in painting at George Washington University. She is also employed by Woodward and Lothrop as a management trainee.

BRENDA QUICK is teaching first grade in Chesterfield County. She and BARBARA STEVENSON are sharing an apartment. MARTHA WIDENER is employed as a secretarial assistant for the Department of Scientific Affairs, Pan American Union, O.A.S. How would you like to have that return address?

Several others are in the D.C. area:

(ROSELLE) LYNN PERRI is working in the American costume section at the Smithsonian. LINDA TUCKER just began a new job in computer programming at the Government Printing Office. Linda and Lynn share an apartment in Alexandria. FRANNY SCAVULLO is teaching in Suitland, Maryland.

SUSIE BLANKENSHIP Capone writes that she is now teaching English in Everett, Mass. Several MWC girls were in her wedding: SALLY MONROE Fox, PAM TOMPKINS Vance and JULIE ARMBRISTER '67.

News from the N.Y. scene: LESLIE RUSSELL Blythe is working for the Social Security Administration as a budget examiner. She and Allen were visited last summer by JANET BROHM Davis and her husband, Russell. Leslie said that PATTY DICKSON had stopped to see her before starting her job in New York.

PHYLLIS (SCHRECK) and Skip Krause have been working as VISTA Volunteers in Moorefield, W. Va. Skip hopes to begin medical school this year. Phyllis did tell us that LINDA RITTER is sharing an apartment with ELOISE TALLEY and is teaching math in Fairfax County.

Congratulations to NANCY BELL, who has just been promoted to supervisor of the insurance analyst in her department at the Financial Service Corporation of America in Atlanta, Ga.

A note from SALLY GUY Lynch really sparked the day! I thought you might want me to share it with you. "Am enjoying tremendously my job at the Virginia Museum as Supervisor of the Loan-Own Art Service — the contemporary gallery where paintings are sold and rented. It's

most fascinating to meet the artists — who were all dead in my studies of art history!—and to go to receptions for new shows. There is an amazing wealth of good art—new galleries—and enthusiastic art collectors in Virginia."

SANDI FLINT Bowman sent a long letter. She and Bob honeymooned in Ireland, Scotland and England, then returned to Charlottesville. Sandi is teaching while Bob works on his doctorate in electrical engineering. She told us about some of the people who attended their wedding. EDITH POTTS is teaching English in York County; DANIELLE GIRAUD is working for the Army in St. Louis (an English major in computer work!); PATSY WIGGLESWORTH is flying with Pan Am. Springtime is the season for weddings. In this case, it's JANET SERVIES, who plans to marry Miles Davis. GEORGIA WAHL is working for Harvard University. MURRY HOLLAND Franklin and her husband are both teaching in Fairfax County. SANDY WOLFE Rapuzzi is also teaching — in a school near Plattsburgh, N.Y.; Don is stationed with the Air Force there.

SARAH NABSTEDT was certainly fortunate. She and her parents went to Europe in late summer. Sarah returned to a job as a statistician and research assistant at Harvard Medical School. Her work certainly sounds interesting!

BETH MEWHINNY told us that Tom will receive his master's degree (engineering mechanics) from Georgia Tech in June. Then they'll head for nuclear power school in Bainbridge, Md. It seems that DIANA STAMER will be marrying into the Navy, too — her fiancé is in flight school at Pensacola. MARGARET HARVEY McHugh and Mike are now living in Monterey, Calif. And SANDY PHELPS Hammond and her husband are in Roanoke.

MARGARET CHASTEK Kurth is working in California and taking courses in U.C.L.A. while her husband is in Vietnam.

Let us hear from you. A happy summer to you. I wonder if your tans will be as good as those you acquired at MWC?

## MWC STUDENT ART EXHIBITION May 1 - June 8

See It At Homecoming!

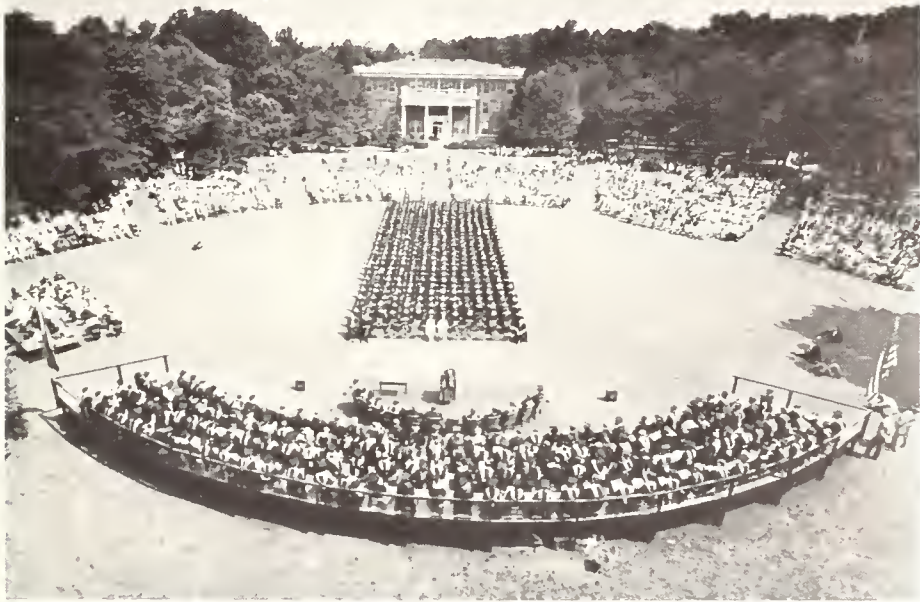

# HOMECOMING '69

## an ARTS WEEKEND

The Alumnae College will feature a step-by-step construction of a dance program by the first MWC students to graduate with a major in dance. These young ladies have been aided in their studies by awards from the Alumnae Scholarship Fund.

The Distinguished Alumna Award will be presented at the annual meeting on Saturday afternoon. This year will mark the third presentation of this award which is given to an alumna who, in the opinion of her fellow alumnae, has made an outstanding contribution in her profession in civic activities, in creative contributions in the arts and sciences or in humanitarian causes.

A piece of art from the 1969 Student Art Exhibit will be purchased by the Homecoming Committee and will be given at the sherry party. Those wishing to be the recipient of the piece will be asked to make a token donation prior to the awarding.

The Sherry Party will be an informal gathering for alumnae, members of the faculty, the administration, and their wives and husbands. We are indebted to Dr. and Mrs. Insley for offering their home for the party.

The Buffet Supper in Honor of the Graduates will be held on the Brompton lawn unless the weather is inclement. Chancellor and Mrs. Simpson invite all alumnae and their husbands who have registered for Homecoming to join them and the other guests of the College for supper.

Commencement Exercises will be held on Ball Circle at 10:30 Sunday morning, weather permitting. Alumnae and their families are cordially invited to attend. In case of inclement weather, the ceremonies will be held in the auditorium of George Washington Hall and guests will be limited to those having tickets.

(In order for us to complete the arrangements, it is important that you return this form by May 26, 1969, to the Alumnae Association, Box 1315 College Station, Fredericksburg, Virginia 22401.)
